THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

The Swedish Life Science Industry Guide 2023

The Swedish life science industry is experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. Large organisations are looking for partnerships with small companies, and vice versa. Academia and industry networks are increasingly closing ties and healthcare is now a given partner.

By presenting your business in The Swedish Life Science Industry Guide you can reach the entire industry and potential partners for a whole year. The 2023 edition is the eighteenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

The Swedish Life Science Industry Guide is distributed by Life Science Sweden – both online searchable with Google and in printed form in the international issue no.1 2023 in English. This issue is distributed at all of Life Science Sweden's 6 annual international partnering-congresses in 2023. It is also published on lifesciencesweden.se with around 60,000 page views/week!

Instructions for participation in the Swedish Life Science Industry Guide 2023

The company presentation includes...

1/3 page in our international issue no.1 in English

+ a presentation under Industry Guide on lifesciencesweden.se including:

- Your company logo.
- E-mail address and other contact information.
- Picture of CEO with related quotes or company vision.
- A business description where you present your services, products or activities.
- Your choice of one image, linked to your choice of website.
- All texts in the web guide are searchable, making it easy to find your marks, specific services or products.
- The company name is bolded in the listing A-Ö, signalling to readers that additional information about the company is available.

All this for only SEK 18.900

www.lifesciencesweden.se

We offer e-blasts to around 9,000 recipients.

Life Science Sweden offer you the great opportunity to promote your services and products by sending e-blasts, submitted Life Science Sweden, to around 9,000 people in the life science-sector. The majority of those recipients have attended our annual international partnering-events.

It's simple and we will do the work for you. You decide the content in the e-blast, we design it for you and we send you a preview for your approval before it's sent.

Native Advertisement

– sponsored articles on the web

Note!

- ✓ The sponsored text should be relevant to the target group and add a value for the reader.
- ✓ Do not mention your own brand too many times - it reduces credibility.
- ✓ Case and customer interviews are used successfully in native articles.
- ✓ Texts that stay too long on the website become dead surface and is not read.

Why Native

- ✓ **Native articles are published in an editorial environment**
They fit into the context and engages readers to access the content. The native article is easily shared on social media to the target group.
- ✓ **More space to describe products and services**
than traditional banners can achieve.
- ✓ **Native give readers a good ad experience**
Native advertising is sponsored text on the web that is marked "sponsored" as it appears on website. The content is designed as if it's a natural part of the platform.

Price SEK 34.000 for native-article one week on lifesciencesweden.se (up to 60.000 unique page views/month) + in one of our newsletters (16.200 subscribers)

Produce Native articles

- ✓ You provide us with up to 2 of your images (at least 700x310 pixels).
- ✓ You choose if you will send us your own text (2.000 signs including spaces) or book a telephone interview with one of our experts in native communication.

The price includes telephone interview by writer.

The "new" Life Science Sweden has had a strong start. We are getting bigger, broader and more relevant. As a subscribed Magazine the merge with Kemivärlden Biotech/Journal of Chemistry & Biotechnology makes our circulation even wider all over the Nordic countries. We are covering development of medical treatments, from idea all the way through society to the patient.

We cover

- Politics, authorities and regulation.
- Innovation, R&D, production and marketing.
- Business and everything that makes life science to a profit for each patient.

Target group

Procurers, politicians at the county level, drug committees, business management in health care, university and university researchers/ biomedical scientists, lab managers, biomedical analysts, chemists/ chemical engineers, decision makers in the biotech, pharmaceutical and chemical industry. We reach the companies that need recruitment, advertising, sales companies, contract manufacturers, patents and regulatory, market access and legal advice.
