

**NEW
DESIGN!**

QUICK-FIT CLIPS

New and improved design

Nordfab Europe and Nordfab UK & Ireland are proud to announce that we have launched a new and improved design for our popular Quick-Fit Clips. Our previous Standard and Premium Quick-Fit Clips have been replaced by our new clips.

Benefits of new Quick-Fit Clips

There are many benefits with our new design, which improves the overall quality, such as:

1. **Better gasket.** The form is a little bit different, making it more tight and impossible to get air in.

2. **Stronger strings.**

3. **Improved overlap.**

4. **Added stamps** making it easier to review batch information.

5. **Made in Denmark.**

The best clips Nordfab have ever offered!

Frequently asked questions

Q: I normally order Quick-Fit Clip Standard, can I continue to do so?

A: No. Our previous Quick-Fit Clips Standard are obsolete and have been replaced by the new clips.

Q: Will there be a price increase?

A: No. The quality will be higher, but the price remains the same.

Q: What material will the new clips be available in?

A: The new Quick-Fit Clips are currently available in galvanised steel and 304 stainless steel.

Q: Will there be longer deliveries?

A: No. Our new Quick-Fit Clips are made in Denmark. With stock held in both Denmark and UK facilities, we are confident we can offer quick and reliable delivery service within 1-2 days lead time.

Q: Will the item numbers be the same?

A: There will be some changes with the item numbers. Please review the table below for current item numbers.

Item no for new Quick-Fit Clip
