CABIN3TECH+
NEW

BREATHE EASILY WITH CABIN3TECH+®

+ HEALTH

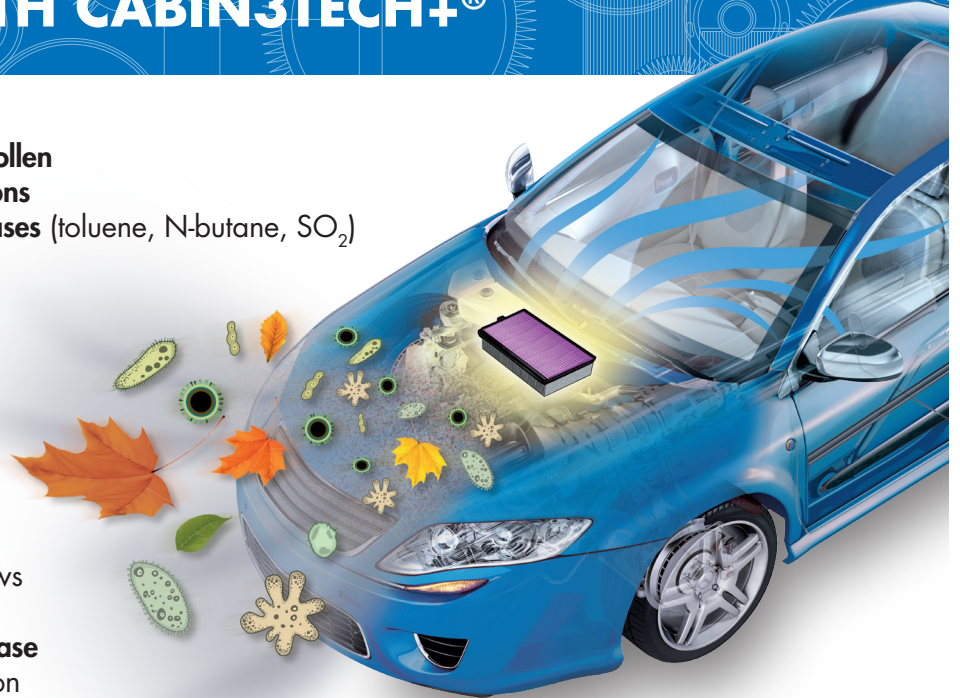

- Decrease more than **99% of mite and pollen**
- Eliminate **98,8% of particles > 2.5 microns**
- Protects from **bad odors** and **harmful gases** (toluene, N-butane, SO₂)

+ COMFORT

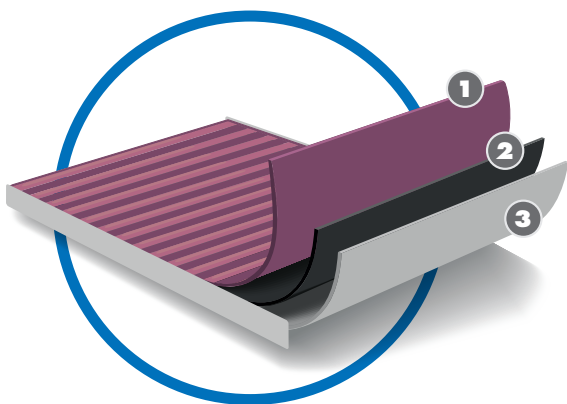

- Reduce **allergies, chronic diseases** such as **asthma, bronchitis and other respiratory problems**
- Increase passengers comfort due to the **reduction of harmful particles**

+ SECURITY

- Optimize the **ventilation system**: windows defogging, visibility improvement
- **Decrease sneezing and eyes itching in case of allergy** to improve driver concentration

3 LAYERS, OPTIMAL FILTRATION

1ST PRELIMINARY FILTRATION

Synthetic media that provides the **1st barrier against large particles**, removing some of the main sources of airborne allergens: **pollen particles 10-100 microns**.

2ND ACTIVATED CARBON

High quality coconut shell activated carbon, which can effectively **remove harmful gases** such as **Toluene, N-butane, SO₂, NO₂**.

3RD MELT-BLOWN ELECTROSTATIC

Media that is trapping **micro-particles > 2.5 microns** by using electrostatic charge with **high filtration efficiency**.

SATISFY YOUR CUSTOMERS EXPECTATIONS WITH
