

LEIPZIGER MESSE

inTEC

*International trade fair for machine tools, manufacturing
and automation*

*International subcontracting fair for parts,
components, modules and technologies*

VISITOR BROCHURE

March 7 to 10, 2017

mechanical engineering • supply industry • new technologies

Intec and Z

When the exhibition center opens its doors to visitors at the outset of 2017, it will be to host the important inaugural get-together for production technologies for metal processing and the support and subcontracting industry in Europe.

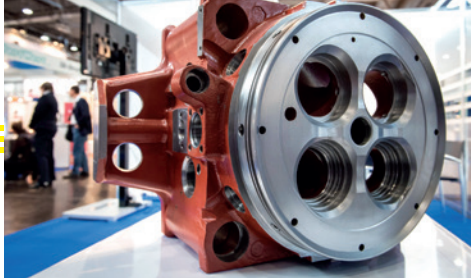

1,400 manufacturers and suppliers will be on hand between March 7 and 10, 2017 to present new products, innovations and sophisticated technologies involving all aspects of machine tools, precision tools for metal processing, automation technology for production as well as industrial supplies and support services for manufacturing.

Intec and Z

PREVIEW:

- *1,400 exhibitors*
- *Companies from 24 countries*
- *70,000 m² exhibition area*
- *Specialized forums focusing on up-to-date issues in the industry*
- *B2B meetings*
- *Students Day*

VISITORS' INDUSTRIES OF INTEC AND Z:

- *Machine construction*
- *Plant engineering*
- *Automotive and vehicle industry*
- *Sheet metal working*
- *Electronics/electrical engineering*
- *Power plant construction, plastic processing, medical technology and other industrial areas*
- *Industrial services*
- *Research & Development*

By taking place early in the first quarter of 2017, the combination of Intec and Z - Subcontracting offers the optimum time frame for considering and planning investment decisions and to look for competent suppliers. Come and find out about current developments in the industry and use this opportunity to network and develop contacts.

Welcome to the Intec and Z 2017 in Leipzig!

Intec

The 2017 trade fair calendar for the metal working and processing industry begins in Leipzig!

Representative

About 1,000 exhibitors with a strong presence of world market and technology leaders, specialists in custom solutions involving the automation of production processes and experienced vendors of basic technology serve as a guarantee for comprehensive and intensive business activity at the trade fair.

With focus

Focal points of the trade fairs include machine tools and relevant peripheral devices as well as automation and digitalization of production.

Innovative

Technology and innovation along the entire value chain of metal working and processing.

INTEC's RANGE OF EXHIBITS:

- *Machine tools
(machining, eroding, cutting, forming)*
- *Special purpose machines*
- *Machine components, parts and assemblies*
- *Precision tools*
- *Appliances*
- *Robotics and automation*
- *Drive technology, sensors*
- *Software for production and process automation*
- *Measurement engineering and quality assurance*
- *Control equipment and production management*
- *Storage and materials handling technology*
- *Technical services*

Z 2017

The Z - International Subcontracting Fair starts off the 2017 calendar year by offering an optimum platform for the effective search for competent suppliers and subcontractors.

Concentrated

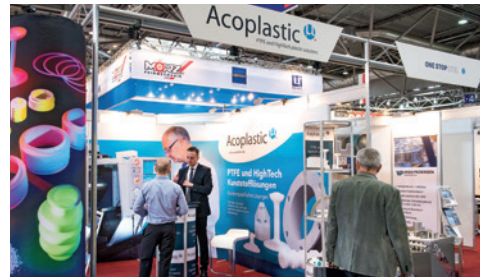

About 400 suppliers especially for machinery and plant construction and for the automotive industry, mainly from low to middle-tier production stages.

International

Approx. 30% of the Z exhibitors come to Leipzig from abroad.

Innovative

The Z - Innovation Show presents innovative products, processes and services of exhibitors.

Z's RANGE OF EXHIBITS:

- *Parts and components*
- *Joining, connecting and assembly processes*
- *Materials and semi-finished products*
- *Processes as technological supply services*
- *Tools and equipment for manufacturing vendor parts and modules*
- *Electrical/electronic equipment – individual parts, components, manufacturing, finishing, assembly and test processes*
- *Industrial services*

**Address to be entered into your GPS:
04356 Leipzig, Messe-Allee 1**

The exhibition center is located right next to Autobahn A14, in close proximity to the junction 'Schkeuditzer Kreuz'. Leipzig/Halle Airport is only eight minutes away by car. Anyone who arrives by ICE at Leipzig's main train station can reach the 'Leipziger Messe' stop in only six minutes via regional railway (RB) or suburban railway (S-Bahn Mitteldeutschland).

In addition to that, tram line 16 takes about 20 minutes to travel from Leipzig's city center to the exhibition center.

See you soon in Leipzig

The vibrant trade fair city at the heart of Saxony with its cosmopolitan atmosphere offers visitors a wide range of cultural activities. You can reach Leipzig's city center in just a matter of minutes by car or tram. After a long day at the trade fair, go downtown and relax.

Enjoy a pleasant evening in attractive restaurants, cafés and bars and spoil your taste buds with culinary delights.

NEW: The app for the trade fair combination is available in your app store.
