Together we will get even better!

New Life Science Sweden has had a strong start. We are getting bigger, broader and more relevant. As a subscribed Magazine the merge with Kemivärlden Biotech/ Journal of Chemistry & Biotechnology makes our circulation even wider with an audience of 7.500 all over the Nordic countries. We are now covering the new chemistry and molecular biology that are changing our lives more and more and the development of medical treatments, from idea all the tough way through society to the patient.

We cover:

- Politics, authorities and regulation.
- Innovation, R&D, production and marketing.
- Business and everything that makes life science and chemistry to a profit for each patient and society.

This is the people we reach: Procurers, politicians at the county level, drug committees, business management in health care, university and university researchers/biomedical scientists, lab managers, biomedical analysts, chemists/chemical engineers, VC's/investment managers, decision makers in the biotech, pharmaceutical and chemical industry and all members of SwedenBIO and SwedNanoTech. We reach the companies that need recruitment, advertising, sales companies, contract manufacturers, patents and regulatory, market access and legal advice.

Our Events:

All of our events are annual international partnering meetings with pre-bookable face to face meetings. The events are covered by the media.

THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

Swedish Life Science Industry Guide 2020

Life science in Sweden is an industry experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. The large companies are looking for partnerships with small and vice versa. Academia and industry networks increasingly close ties and health care is now a given partner.

By presenting your business in the Swedish Life Science Industry Guide you can reach the entire industry and potential partners in a whole year. 2020 edition of the Swedish Life Science Industry Guide is the sixteenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

Swedish Life Science Industry Guide is distributed by Life Science Sweden, both online searchable with Google and in printed form in edition 1 in 2020 by the magazine Life Science Sweden with a circulation of about 8,500 copies. The Guide is distributed in addition to all Life Science Sweden's event. It is also linked to the lifesciencesweden.se, and in our newsletter.

Instructions for participation in the Swedish Life Science Industry Guide 2020

The company presentation includes...

1/3 page in our international issue no. 1 in English (extended circulation of 8.700 copies)
+ a presentation under Industry Guide on lifesciencesweden.se. These include:

- Your company logo.
- E-mail address and other contact information.
- Picture of CEO with related quotes or company vision.
- A business description where you present your services, products or activities.
- Any picture can be on a product or something else, this is then linked to your website.
- All text information in web guide is searchable, making it easy to find your marks, specific services or products.
- The company name is bolded in the listing A-Ö so that visitors understand that there is more data to read about the company.

All this for only SEK 14.500
