## Life Science seminar at GoCo | April 9, 2025

Join us for a day dedicated to the most important and current topics in Life Science today. You will have the opportunity to learn from companies that, like yours, are addressing today's challenges and finding innovative solutions in the areas of sustainability, AI, and technological advancements.

Additionally, you will be able to discuss your own challenges with our experts.

**9:00 - 9:30** Registration and networking: Breakfast for all early arrivals

**9:30 - 9:40** Welcome and introduction

**9:40 - 10:00** A short introduction of Festo

**10:00** First session: Sustainability

**10:50** Second session: AI and connected devices

**11:30** Panel discussion: Sustainability and AI

**12:00** Lunch: We will offer a healthy lunch

**13:00** Third session: Technical progress in Life Science

**14:00 - 14:30** Panel discussion: Technical progress in Life Science

**14:30 - 14:50** Conclusion

Our colleagues are looking forward to an exciting day with you at GoCo!
