

HCS - always close by

We are a transport company that combines broad knowledge with almost 80 years of experience and strong competency - and thus gives you the best imaginable partner. At HCS you get access to advice and solutions that are among the best in the market. Tailored to your specific needs.

In Europe - and locally

We have own departments at keypoint domestic locations in Denmark and across Europe, and the rest we cover with a strong network of subcontractors. When contacting us you will receive quick and efficient assistance - whether it is an urgent problem or you want a tailor-made solution prepared for a specific need.

In collaboration with HCS:

- we are always near you
- we respond quickly, effectively to any inquiry
- you benefit from our experience, knowledge and skills

HCS offers a free check of your company's total transport needs. We look forward to hearing from you!

Transport solutions for most needs

HCS offers road transport across most of Europe operating about 800 trucks on a daily basis. We deliver high quality transport solutions and outstanding service with our own transport units combined with a strong network of subcontractors.

We specialize in the following transport areas:

- Time-guaranteed transport
- Temperature controlled transport
- AirCargo transport
- Pharma transport
- High value transport
- Bulk/moving floor transport
- Intermodal transport
- Line hauls

The good, secure service

In HCS, we have in-depth knowledge of regulations and rules concerning transportation throughout Europe.

We take care of everything, including that all agreements are strictly adhered so that our customers can concentrate fully on their actual work.

Strength inward is strength outwards

The high level of service that we offer our customers is built around our skilled and experienced staff. We ensure optimum working conditions and are environmentally certified according to the international standard ISO 14001.
