

# **S531**

# **Smart Ultrasonic** Leak Detector

Wireless connection to headset

LASER Pinpoint locations with laser pointer

VOICE

RECORDING

Voice recorder for voice memos

LONG WORKING HOURS Battery capacity for up to 6 hours

DETECT FROM

DISTANCE

Finds leaks in

compressed air system easily even

from distance

ANALYSIS

and repair

LOSS

NOISE REDUCTION

reduction

CALCULATE Calculates air loss in m3/h or in local currency

Integrated noise

Export data to LMS for statistics

# **Benefits**

- Finds leaks in compressed air system easily even from distance
- Full support for Leak Surveys with the SUTO Leak Management Software (LMS)
- The perfect tool for professional leak detection
- Sast return on investment
  - Easy to use, but powerful in performance

## Detect and manage your compressed air leaks — Save your time and costs

Finding leaks in the compressed air system is the first step into energy saving. The leaking compressed air causes immense electrical costs, as your compressors are running more than they would actually need to run.

S531 is a smart ultrasonic leak detector that helps users quickly find and record leakages in compressed air or any gas systems. The built-in touch screen assists the user easy operation in leak detecting. Photographing and voice recording make leak surveys more flexible and efficient.

S531 is designed to work with SUTO Leak Management Software (LMS) to enable companies to properly manage their leakage detection and repair activities.

Leak Management Software (LMS)

#### LMS included for free

When purchasing a S531 set, one free LMS license is included. Start immediately creating powerful leak reports, without paying extra for additional software licenses.

### Leak Detection

Point with the laser at an assumed leak. The display will show the level of the leak.

Detection at medium distance for locating the leakage area. Record the leak losses at closer distance.

If needed, scan with the focus tube and focus tip till the exact location is found.

## Seamless Connection with Leak Management Software (LMS)

# **Cost Saving**

Compressed air is one of the most expensive energy forms. In Germany alone, 60,000 pneumatic systems consume 14,000,000,000 kWh electricity every year. 15 % to 20 % of this could easily be saved (Peter Radgen, Fraunhofer Institute, Karlsruhe). A large portion of these costs are caused by leaks In compressed air systems, allowing the air to "escape" unused.

Calculation example at 0.6 MPa:

1 hole of 1mm diameter = 270 EUR/year

### Option

Ultrasonic tone generator to be used in pressure less systems. The generator emits ultrasonic waves which can be detected by the \$531.

# Technical Data

### Measurement

| Selectable units    | l/min, m³/h, cfm, bar, MPa, psi  |
|---------------------|----------------------------------|
| Sensor              | Ultrasonic leak detection sensor |
| Operating frequency | 40 kHz ± 2 kHz                   |
| Laser               | Wave length: 640 660 nm          |
|                     | Output power: < 1.0 mW           |
| Camera              | 5.0 mega pixels                  |

### Interface & Supply

| Supply             |   |
|--------------------|---|
| Power supply       | Internal Lithium-Ion battery                      |
| Operating time     | 6 h   |
| Data interface     |   |
| Connection         | USB port for charging and data exchange           |
| Headset            |   |
| Headset            | Noise isolated headset                            |
| Headset connection | Wireless and 3.5 mm stereo phone jack for headset |

### **General data**

| Display          |  |
|------------------|--|
| Integrated       | 3.5" color LCD touch screen  |
| Data Logger      |  |
| Storage          | Integrated mass storage,<br>up to 500 records for voice<br>recordings and pictures |
| Material         |  |
| Housing          | PC + ABS   |
| Miscellaneous    |  |
| Protection class | IP30   |
| Approvals        | CE   |
| Weight           | 430 g for the leak detector<br>3.65 kg for the full set                            |

### **Operating conditions**

| Medium                | Compressed Air, refrigerants and any compressed gases |
|-----------------------|---|
| Ambient temperature   | 0 +40 °C  |
| Ambient humidity      | <90 % rH  |
| Storage temperature   | -10 +50 °C  |
| Transport temperature | -20 +50 °C  |

# Dimensions

# Ordering

Please use the following tables to assist in placing your order with our sales staff.

### S531 Smart Ultrasonic Leak Detector

| Order No. | Description  |
|-----------|--|
| P601 0104 | S531 Smart Ultrasonic Leak Detector Set  |
|           | Including:   |
| P560 0104 | S531 Smart Ultrasonic Leak Detector  |
| A554 0119 | Noise isolate/canceling headset, wireless  |
| A530 0101 | Focus tube and focus tip for accurately<br>pinpointing   |
| A554 0123 | Trumpet for locating leaks over longer distances   |
| A554 0117 | Battery charger  |
| A554 0118 | Transport case S531  |
| A554 0122 | Leak tags to mark found leaks, 100 pieces  |
| M599 7045 | LMS Leak Management Software, Local<br>Installation, 1 License (bound to local PC), no<br>subscription, one-time payment |

| S531 Accessories |                        |  |
|------------------|------------------------|--|
| Order No.        | Description            |  |
| A554 0133        | Ultrasonic Transmitter |  |
| R200 0070        | Calibration S531       |  |

# Scope of delivery

At www.nordicfiltration.com you will find a wide selection of filtration products ready for you to order.

Nordic Filtration offers a wide selection of filtration products for water treatment. We have stock in Denmark from where we distribute all of our products to Scandinavia and the the rest of the world.

You can buy our products on local websites or by contacting us by phone or e-mail. Information about our products as well as brochures and manuals can be found on our website (www.nordicfiltration.com).

We can adapt all of our filtration products to your needs, and we offer visits from our consultants in order to find the right solution for you.

Filter-Online & Nordic Filtration ApS Glasvænget 6 5492 Vissenbjerg Denmark
