

BRIEF PRESENTATION

World-Class Service

At Hydra we put great pride in having the broadest range of hydraulic components & systems, including Hoses, Fittings, Pumps, Valves, Manifolds, Motors, Gears, Filters, Couplings, Pipe Clamps & HPU.

Choosing Hydra as supplier guarantees the strongest partner in the industry.

Quality products and recognized brands for the Offshore Industry.

From our hydraulic stock, which includes more than 40.000 active part numbers, we deliver day to day to any seaport or airport in Denmark. Hydra's logistics solutions minimize the need for storage capacity at our customers, resulting in reduced total costs.

CORE COMPETENCIES IN OIL AND GAS

Hydra consists of a strong team of experienced and well educated hydraulic experts. More than 35 years' experience in design and dimensioning of hydraulic systems combined with in-depth product knowledge makes Hydra a strong partner and your safe choice.

At Hydra we have a modern and highly efficient in-house production including Valve Manifolds, Hoses, Tube Bending and HPU.

CERTIFICATES

Full dedication and involvement in the daily work with continuous improvements is Hydra's foundation for Safety, Quality Assurance, Work Environment and Environment - our goal is **perfection**.

Hydra is DS/EN ISO 9001:2008 certified & Achilles JQS approved.
