Leading in news and events

Our magazine **Life Science Sweden** was founded almost 25 years ago and is the leading and most well-known life science magazine in the Nordics. We are an independent news agency that covers research, science and development of medical treatments, from idea all the way through preclinical and clinical stages to society and the patient. The printed edition of Life Science Sweden is published four times this year and **lifesciencesweden.se** is updated several times daily with the most current and relevant news. We offer a complete communication platform for you to reach out to your clients, partners and investors:

1. 6–8 annual international partnering events including exhibitions and 1-2-1 partnering
2. Magazine Life Science Sweden (1 international issue in English including The Swedish Life Science Industry Guide/year + 3 issues in Swedish/year)
3. 6 newsletters/week in Swedish to 17.000 recipients + biweekly in English to 11,200 recipients respectively)
4. News Portal lifesciencesweden.se (69.000 unique page views/month)
5. Membership

These are the people we reach: Procurers, politicians at the regional level, drug committees, business management in health care, physicians, university and university researchers/biomedical scientists, lab managers, biomedical analysts, chemists/chemical engineers, VC's/investment managers, decision makers in the biotech, pharmaceutical, chemical and nanotech industry. The industries we reach include recruitment, advertising, sales, contract manufacturers, patents and regulatory, market access and legal advice.

THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

The Swedish Life Science Industry Guide 2026

The Swedish life science industry is experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. Large organisations are looking for partnerships with small companies, and vice versa. Academia and industry networks are increasingly closing ties and healthcare is now a given partner.

By presenting your business in The Swedish Life Science Industry Guide you can reach the entire industry and potential partners in a whole year. The 2026 edition is the nineteenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

The Swedish Life Science Industry Guide is distributed by Life Science Sweden – both online searchable with Google and in printed form in the international issue no.1 2026 in English. This issue is distributed at all of Life Science Sweden's 6 annual international partnering-congresses in 2026. It is also published on lifesciencesweden.se with 69,000 page views/month!

Native Advertisement

– sponsored articles on the web

Note!

- ✓ The sponsored text should be relevant to the target group and add a value for the reader.
- ✓ Do not mention your own brand too many times – it reduces credibility.
- ✓ Case and customer interviews are used successfully in native articles.
- ✓ Texts that remain on the website for too long become "dead" surface and are not read.

Why Native

- ✓ **Native articles are published in an editorial environment**
They fit into the context and engage readers to access the content. They are easy to share with your target group on social media.
- ✓ **More space to present/advertise products and services**
than can be achieved by traditional banners.
- ✓ **Natives give readers a good ad experience**
Native advertisements are sponsored online articles marked "sponsored" as they appear on the website. The content is designed as a natural part of the platform.

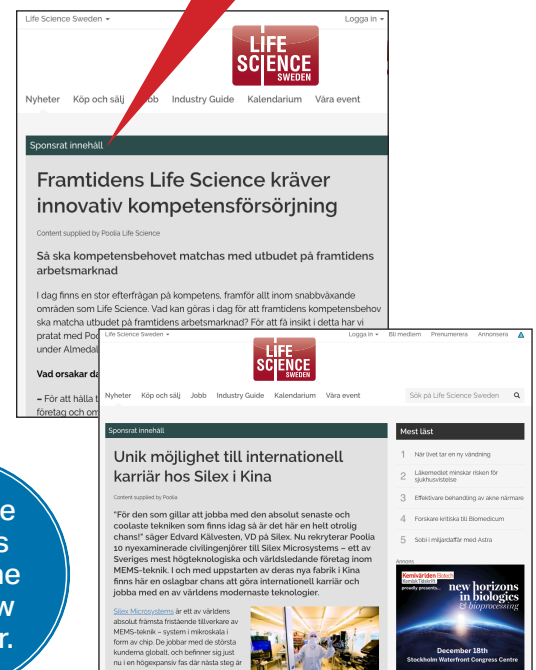

Price SEK 40.700 for native-article one week on lifesciencesweden.se (69.000 unique page views/month) + in one of our newsletters (17.000 subscribers)

Produce Native articles

- ✓ You provide us with up to 2 images of your choice (at least 700x310 pixels).
- ✓ Your choice of providing us with your own text (2.000 characters including spaces) or booking a consultation with one of our native communication experts.

The price includes telephone interview by writer.

Native advertising marked as "Sponsored"
