

INTEC

*International trade fair for machine tools,
manufacturing and automation*

*International subcontracting fair for parts,
components, modules and technologies*

February 5 – 8, 2019

THE TRADE FAIR COMBINATION IN TUNE WITH THE INDUSTRY

VISITOR BROCHURE

WELCOME TO INTEC AND Z 2019

Approx. 1,300 exhibitors will be on hand to present the current state of technology, technological innovations and production solutions for all stages of the production and supply chain.

The production of tomorrow is currently facing a technological upheaval. And that is reflected both in the exhibition halls and in the specialized events of the Intec and Z trade fairs.

**THE TRADE FAIR CALENDAR
FOR THE METAL-WORKING**

INDUSTRIES REPRESENTED BY VISITORS

- *Machinery and plant construction*
- *Automobile industry/vehicle construction*
- *Metal machining*
- *Electronics/electrical engineering*
- *Plastic processing, power plant construction, medical technology and other industrial areas*
- *Industrial services*
- *Research and development*

**AND SUPPLY INDUSTRY
BEGINS IN LEIPZIG!**

INTEC 2019

Focus is on machine tools, precision tools as well as automation and digitalization of production.

A significant presence of world market and technology leaders, specialists in custom solutions involving the automation of production processes and experienced vendors of basic technology serves as a guarantee for comprehensive information and intensive business activity.

RANGE OF EXHIBITS

- *Machine tools (machining, eroding, cutting, forming)*
- *Machines for special applications*
- *Machine components*
- *Precision tools*
- *Appliances*
- *Industrial robotics and automation*
- *Sensors*
- *Software for production and process automation*
- *Measurement engineering and quality assurance*
- *Control equipment and production management*
- *Storage and materials handling technology*
- *Technical services*

*INTEC IS ONE OF THE MOST
IMPORTANT TRADE FAIRS FOR
EUROPE'S METAL-WORKING INDUSTRY.*

Z 2019

The Z is a European subcontracting trade fair which focuses primarily on companies that are mainly active for the middle-tier production stage.

Suppliers play an indispensable role in the processes making up the industry's entire value chain. The Z offers all partners excellent opportunities to purposefully network, especially across national boundaries.

RANGE OF EXHIBITS

- *Parts and components*
- *Joining, connecting and assembly processes*
- *Materials and semi-finished products*
- *Processes as technological supply services*
- *Tools and equipment for manufacturing vendor parts and modules*
- *Electrical/electronic equipment – individual parts, components, manufacturing, finishing, assembly and test processes*
- *Industrial services*

Z 2019 KICKS OFF THE TRADE FAIR CALENDAR FOR THE SUPPLY INDUSTRY

SPECIALIZED PROGRAM WITH BROAD RANGE OF TOPICS

- *Automation*
- *Digitalization for SMEs*
- *Resource efficiency*
- *New drive concepts for vehicle construction: Impact on production and supply industry*
- *Lean production*
- *International cooperation projects*
- *Specialist – upcoming professionals*

*INFORMATION, CONTACTS
EXCHANGE OF EXPERIENCE,
NETWORKING*

SPECIAL EXHIBITS

Both special exhibits will highlight technological developments, which will have an impact on the future of production. They will present reference objects and provide insight into real world challenges during the specialized forums taking place over the course of the trade fairs. These topics will take center stage in 2019:

*"ADDITIVE + HYBRID –
NEW PRODUCTION TECHNOLOGIES IN USE"*

*"SENSOR TECHNOLOGY – EN ROUTE TO AN INTELLIGENT PRODUCT.
SOLUTIONS, TRENDS, POTENTIAL."*
