Welcome to an exciting 2022 with Recycling!

Sweden's leading magazine in the field of waste management and recycling will publish six issues during the year.

Daily news about these topics are published on our website www.recyclingnet.se, and every Tuesday and Thursday we also send out our newsletter reaching 6600 decision makers in the business. News publication is an important pillar for us, but we also arrange a number of highly appreciated events each year. In 2022 these are:

- The Recycling Day, in Helsingborg in the spring.

- Recycling Cup, a golf competition for the waste and recycling business.

- The Recycling Gala at Berns in Stockholm

So, whether you prefer print magazines, web sites, digital newsletters and/or events, Recycling carries your message best!
