

HeartFelt®

Modular felt ceiling system

A wide-angle photograph of a modern, open-plan office space. The room features long wooden desks with metal legs, each equipped with a computer monitor, keyboard, and office chair. Large windows on the left side provide natural light and a view of the city. The ceiling is high with exposed concrete beams and large, rectangular pendant lights. A large, stylized graphic of concentric circles and a right-pointing arrow is overlaid in the center, framing the text. The overall atmosphere is clean, bright, and professional.
