INVITATION

Aerospace Forum 2016 in Pfronten

26 to 27 October 2016

DMG MORI

**Aerospace Excellence Center – Key skilled partner
of the international aerospace industry.**

As a technology leader in various fields like 5-axis technology, multitasking mill-turn / turn-mill machines, LASERTEC and ULTRASONIC technologies DMG MORI offers a unique range of high-tech solutions. Industry-specific options and engineering services for part manufacturing in the aerospace industry enable highest productivity and competitiveness.

Wednesday, 26 October to Thursday, 27 October 2016

Our focus is your performance! We would like to demonstrate our **impressive expertise and capabilities in Aerospace manufacturing techniques** for you in Pfronten on **26 and 27 October 2016**. Follow technical presentations by DMG MORI and our partners combined with **practical demonstrations** on our latest machine tool models.

The agenda will target productivity, process reliability and visionary ideas based on approach for Industry 4.0. **Discuss and network with key players of the industry and technology experts.** You will also get an insight into latest **ULTRASONIC** supported machining capabilities and **LASERTEC technologies** including **Additive Manufacturing** on our advanced **5-axis machining centres**.

You are warmly invited to our 3rd Aerospace Forum and we look forward to seeing you.

Your DMG MORI Team at DECKEL MAHO Pfronten.

Agenda

Wednesday, 26 October 2016

- Morning Session* Advanced manufacturing technologies by DMG MORI, WZL of RWTH Aachen University, Sandvik Coromant, Kennametal, Haimer, Artis
- Afternoon Session* Practical demonstrations of machine tools and solutions in the DECKEL MAHO Pfronten showroom
- Evening* Dinner at Alpenhotel Krone in Pfronten

Thursday, 27 October 2016

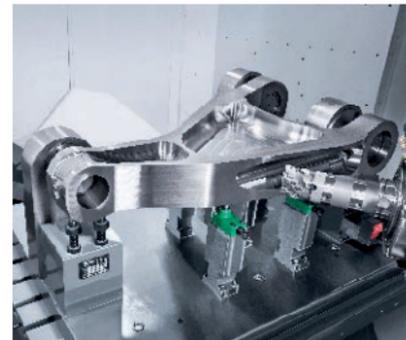

- Morning Session* Technical presentations (continuation) and factory tour
- 12.30 Lunch / End of the event
- Afternoon* Optional visit to the HAIMER headquarter in Igenhausen, Europe's biggest producer for high-end tool holding and World market leader in balancing and shrinking technology (shuttle from Pfronten and return / airport will be organized)

HAIMER
Quality Wins

Highlights

Ready for Industry 4.0

Titanium machining

Technology Highlights

- + 5-axis / multitasking
- + Aerospace materials machining
- + XXL Gantry machines
- + Technology Cycles
- + Industry 4.0 / Machine 4.0
- + Tool technologies
- + Process monitoring

Live Demo Machines

- + DMC 125 FD duoBLOCK®
- + DMC 80 FD duoBLOCK®
- + DMU 65 monoBLOCK®
- + DMC 80 H *linear*
- + CTX gamma 1250 TC
- + DMU 80 eVo *linear*
- + ULTRASONIC 65 monoBLOCK®
- + LASERTEC 65 *3D*

Aerospace Forum 2016 in Pfronten

26 to 27 October 2016

Please reply by 30 September 2016. Kindly also indicate your participation to visit company Haimer on 27.10. in the afternoon.

For Aerospace Forum 2016 attendees, we have reserved hotel rooms in Pfronten close to the factory. If you would like to book a room, please indicate your planned length of stay.
