10-14 July 2016

Location
Sands Expo & Convention Centre,
Marina Bay Sands, Singapore

Registration Deadline
15th March 2016

Singapore International Water Week and World Cities Summit 2016

Come July 2016, Singapore International Water Week will once again take place together with World Cities Summit and CleanEnviro Summit Singapore.

The expo is now known as the City Solutions Singapore (CSS), adopting an integrated approach to water resource management, urban planning and environmental management. This will allow buyers and sellers to leverage shared synergies in cost efficiency, productivity and R&D. For the first time ever, City Solutions Singapore will be presented as a one-stop platform for solutions providers to showcase their businesses to buyers such as mayors, city planners, water and environmental utilities and regulators, industrial park developers etc.

Danish Water Technology Group (Danish Export Association), Confederation of Danish Industry, the Danish Embassy in Singapore and Danish Water Technology House invite you to join us at the Danish Pavilion. We have a premium position of 96 m² in the center aisle, and the pavilion and the marketing activities will cover the full City Solutions Singapore.

We will also organise a Business Forum Seminar in cooperation with the organizers of City Solutions Singapore, where Danish companies can present their solutions.

Further, there will be a network reception at the ambassador's residence, and all parties will work on identifying and inviting key stake holders.

In addition, we are working on a Danish VIP-presence for the event - depending on company participation – that will add even more activities to the programme.

Sign up for this event here: www.dk-water.dk

Facts

Registration Deadline

15th March 2016

What is included?

- The 96 m² pavilion will have individual stands (incl. carpet, walls, furniture, lighting, standard electricity, company name and logo) as well as a common area that can be used as a meeting place for visitors
- We will take care of all practical matters in relation to stand construction and dismantling and any additional needs.
- Coffee/tea, cold beverages and snacks will be available in the common area for you and your guests. The area also has a storage room.
- Marketing material: A company profile in the official SIWW catalogue and a company profile in the Danish Pavilion brochure, which will also contain State of Green white papers.
- A Business Forum organized in cooperation with CSS where Danish companies can present their products and solutions.
- A VIP reception at the Danish ambassador's residence.
- An informal dinner for the Danish companies (at own expense)
- We will send out invitations incl. the pavilion brochure and visitor tickets for the pavilion to potential clients as per your request.
- Our assistance throughout the entire event allowing you to focus on what really matters, namely your partners and customers.
- We will assist you with travel and hotel arrangements.

Price and terms of participation:

Option 1 - Individual company booth at the Danish pavilion + marketing material and activities: DKK 4,090/m²

Typically 9m² booth, incl. table and chairs, 3 walls for company graphics, brochure holder, electricity, storage, cleaning as well as a company profile in the Danish Pavilion brochure, participation in business forum and reception

Option 2 - Brochure stand + marketing material and activities: DKK 8,180

1 wall (2 m²) for company graphics and a brochure holder in the common area, a company profile in the Danish Pavilion brochure, participation in business forum and reception. (max 2 persons)

Option 3 - Marketing material and activities: DKK 1,100

A company profile in the Danish Pavilion brochure, participation in business forum and reception. (max 2 persons)

Coordination fee to be added: 4,900 DKK per company

Prices are subject to 15 companies participating and support from the Trade Council in Denmark. We have applied for subsidies and are awaiting their decision. Insurance, flight, and hotel expenses are not included. If we do not receive subsidies, we will have to adapt conditions/prices.

Should you need any further information, you are most welcome to contact us.
