

WHEN ACCESS COUNTS

Industrilas develops, designs and manufactures access solutions for all kinds of industrial applications.

Our main drive is a never-ending curiosity about our customers and their business. We are passionate about finding solutions that will enhance the performance of our customers' products and their business.

Since every customer has specific needs and preferences, it is important for us to get to know our customers. We openly welcome you into the Industrilas family, and together we will find the best possible solution to the challenges you are facing. Sometimes this means a well-proven standard solution and at other times it means the innovation of something the world has never seen.

Industrilas is a Swedish company, founded in 1981. Over the course of 40 years, we have grown from a one-person startup to become one of the world's leading suppliers of access solutions. Today, we are present in more than 40 countries and have manufacturing sites in Europe, Asia and Central America.

The group's head office is in Nässjö, Sweden.

SEALING THE DEAL

Industrilas Klima-flex™

KEEPING THE PRESSURE JUST RIGHT

1 KLIMA-FLEX 2 HANDLE
Ergonomically designed handles for both surface- and through-mounted systems.

KLIMA-FLEX 1 HANDLE
Corrosion-resistant handle in acid-proof stainless steel. Perfectly suited for demanding applications in harsh environments, such as offshore.

2 KLIMA-FLEX ADJUSTABLE 3D HINGE
Specially designed hinges that ensure superb sealing properties. Available in stainless steel and zinc with metal or black texture coating.

3 INSPECTION WINDOWS
Windows in transparent, impact-resistant polycarbonate. Designed for insulated and double-skinned doors.

Industrilas Klima-flex™

The most comprehensive latching system for the HVAC industry. Keeping the pressure just right.

The family consists of all the parts necessary to deliver a straightforward and safe access solution for insulated and pressurized doors and cabinets.

KLIMA-FLEX™ 2 LATCH UNIT
Industrilas Klima-flex™ 2 has patented technology that allows for quick mounting in double-skinned doors. When you turn the screw, expanding legs are engaged and fix both door skins from the inside.

KLIMA-FLEX LATCH HINGE GEN2
Patented solution. Allows you to open the door in either direction, or remove it completely. Two-stage opening lets the HVAC unit depressurise safely.

INDUSTRILAS 3D-INTELLICLAMP™
Solution for connecting several HVAC units or building elements. Adjustable in three directions to ensure perfect alignment.

SEALING PROFILES
Choosing the right profile is crucial for achieving proper sealing and compression qualities. Our vast selection of EPDM profiles are certified according to VDI6022.
