

**Morten Lang
New COO
In TECHON7**

Morten Lang new director of operations at TECHON7

Morten Lang has been appointed Director of Operations at TECHON7, and thus leads the company's international sales efforts.

The market for advanced electronic components and for industrial computers for production environments in among others the food, pharmaceutical and brewing industries are growing fast and heading for new heights.

In order to meet the many new and exciting opportunities in Europe, TECHON7 has chosen to further strengthen the organization at the strategic level, and as of March 1st, 2021, appointed Morten Lang as Director of operations.

Morten has extensive experience in management and international sales of complex IT solutions from positions in, among others, AVK A/S, Kamstrup A/S, Ramboll A/S and TDC A/S.

Morten's main task will be to secure and strengthen TECHON7's sales strategy and lead our dedicated employees. We welcome Morten to the TECHON7 Team.
