

INVITATION

Hosted by House of Energy in collaboration with the Port of Aalborg, Denmark

“Gå-hjem”/after work meeting about offshore wind shipping and logistics
November 12, 2018 at 16:00 PM

HOSTING ORGANIZATIONS

The next after work / “gå-hjem” meeting in the Global Wind Energy Shipping and Logistics PhD Research Project takes place on November 12, 2018 at 16:00 PM. The venue is CLS (Center for logistik og samarbejde) at the Port of Aalborg and the host is the Danish energy cluster House of Energy in collaboration with the Port of Aalborg. The topic is localization of the supply chain and the North Jutland geographical area will be used as a domestic Danish example. The globalization of the offshore wind supply chain as well as local content requirement examples from around the world will also form part of the discussion.

PROGRAM

- 16:00 Opening and welcome by Hans A. Pedersen, Project Director, House of Energy
- 16:05 North Jutland as an attractive offshore wind geography to do business by Hans A Pedersen, Project Director, House of Energy
- 16:20 Customer centric offshore wind port solutions by Jeppe Faber, Commercial Manager, Port of Aalborg
- 16:45 Globalization of the offshore wind supply chain by Thomas Poulsen, PhD
- 17:15 Questions and answers
