

ROLLTECT

RETRACTABLE WELD SCREEN

FEATURES

- Eliminates the effort of man-handling large sections of stationary guards
- Allows rapid access for forklifts into work cell
- Conserves floor space
- Protects against welding sparks, heat, ultraviolet light and flying debris
- Extends up to 20 feet in length
- The spring tension roller is always taut and automatically retracts.
- When not in use, the Retractable Weld Screen stores rolled up
- The welding screen requires no overhead suspension which allows top access

KEY BENEFITS:

- ✓ Mounting versatility
- ✓ Quick & easy storage
- ✓ Readily available
- ✓ Easy operation
