# THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

## The Swedish Life Science Industry Guide 2025

The Swedish life science industry is experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. Large organisations are looking for partnerships with small companies, and vice versa. Academia and industry networks are increasingly closing ties and healthcare is now a given partner.

By presenting your business in The Swedish Life Science Industry Guide you can reach the entire industry and potential partners in a whole year. The 2025 edition is the nineteenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

The Swedish Life Science Industry Guide is distributed by Life Science Sweden – both online searchable with Google and in printed form in the international issue no.1 2025 in English. This issue is distributed at all of Life Science Sweden's 8 annual international partnering-congresses in 2025. It is also published on [lifesciencesweden.se](http://lifesciencesweden.se) with 60,000 page views/month!

# Native Advertisement

## - sponsored articles on the web

### Note!

- ✓ The sponsored text should be relevant to the target group and add a value for the reader.
- ✓ Do not mention your own brand too many times - it reduces credibility.
- ✓ Case and customer interviews are used successfully in native articles.
- ✓ Texts that remain on the website for too long become "dead" surface and are not read.

## Why Native

- ✓ **Native articles are published in an editorial environment**  
They fit into the context and engage readers to access the content. They are easy to share with your target group on social media.
- ✓ **More space to present/advertise products and services**  
than can be achieved by traditional banners.
- ✓ **Natives give readers a good ad experience**  
Native advertisements are sponsored online articles marked "sponsored" as they appear on the website. The content is designed as a natural part of the platform.

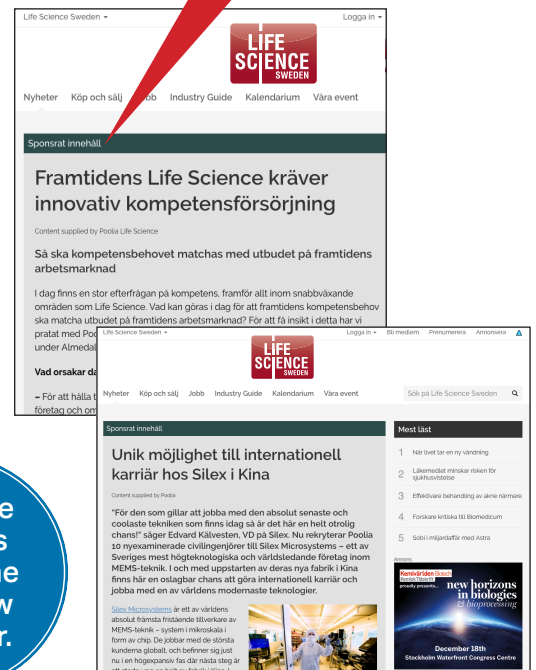

**Price SEK 40.700 for native-article one week on lifesciencesweden.se (60.000 unique page views/month) + in one of our newsletters (17.000 subscribers)**

## Produce Native articles

- ✓ You provide us with up to 2 images of your choice (at least 700x310 pixels).
- ✓ Your choice of providing us with your own text (2.000 characters including spaces) or booking a consultation with one of our native communication experts.

The price includes telephone interview by writer.

Native advertising marked as "Sponsored"

For more information about native articles/advertising and booking contact Maria Eriksson | maria.eriksson@nordiskemedier.se | +46 (0)70 874 18 34
