# Organizational Structure

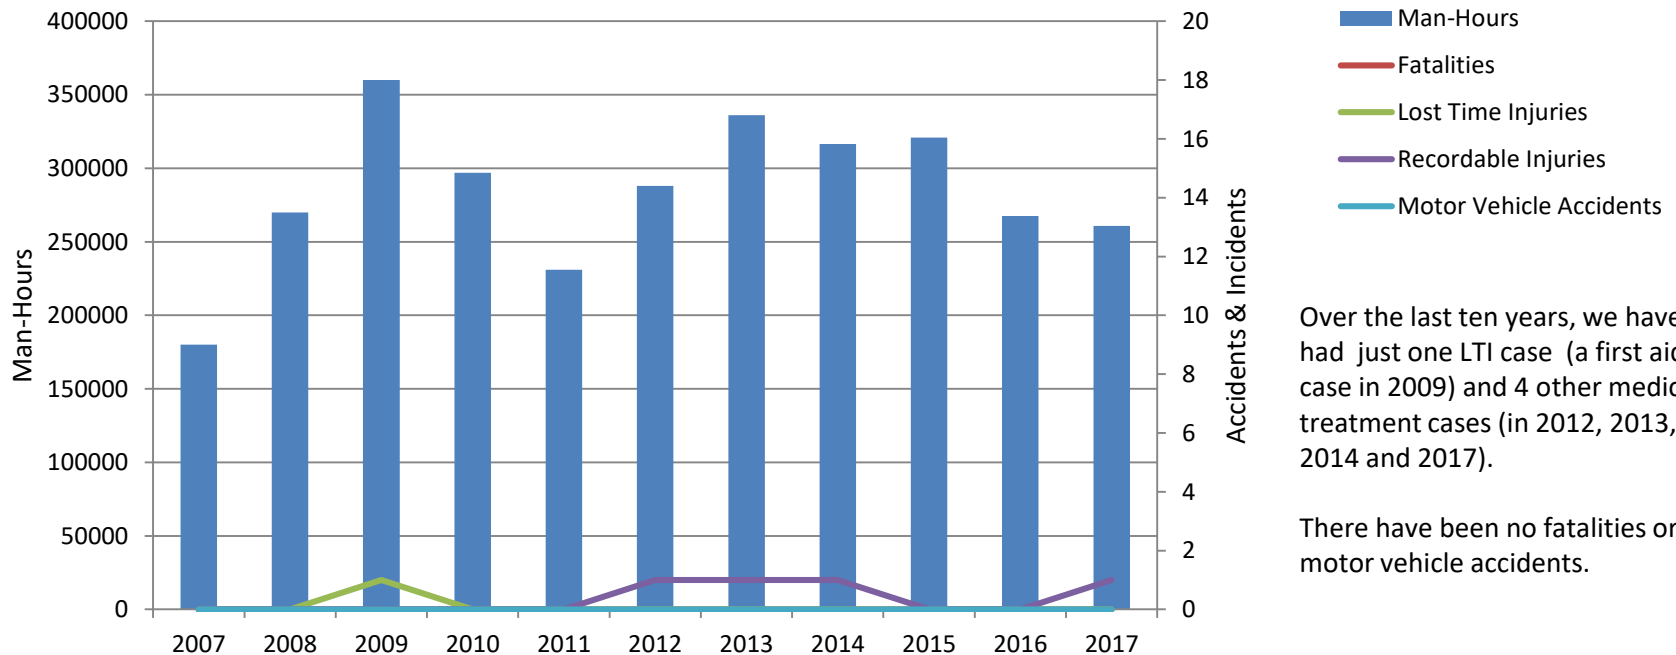

## Operational Excellence: HSE

Health, Safety & Environment (HSE) is CTS top priority. Motivated to create a zero-incident workplace, we are constantly improving and innovating to eliminate risks to people, environment and assets.

### Accidents and Injuries in 10 Years (2007 – 2017)

Over the last ten years, we have had just one LTI case (a first aid case in 2009) and 4 other medical treatment cases (in 2012, 2013, 2014 and 2017).

There have been no fatalities or motor vehicle accidents.

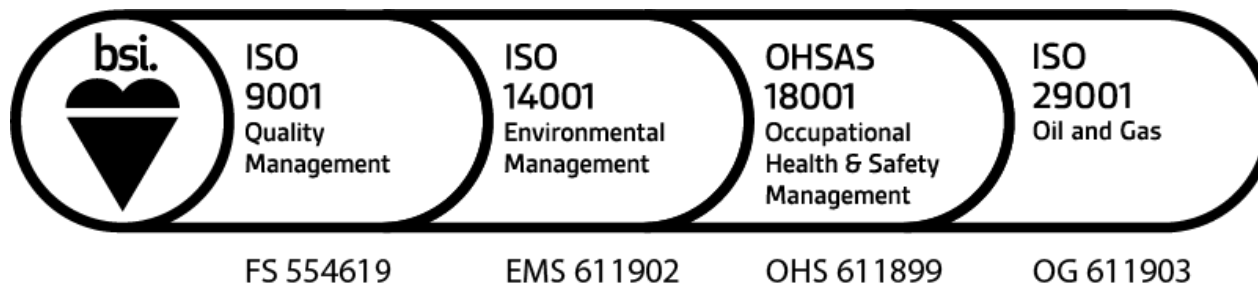

## Operational Excellence: Quality Commitment

We are certified to:

- ✓ **ISO 9001** – Quality Management System
- ✓ **ISO 14001** – Environmental Management System
- ✓ **OHSAS 18001** – Occupational Health & Safety Management System
- ✓ **ISO/TS 29001** – Specialist Oil and Gas Quality Management System

CTS is also registered with **Achilles FPAL** and is an audited and verified member of the community.

**Prosafe**

## Operational Excellence: Customer References... (cont.)

---

“We are extremely pleased with services provided to us by CTS Offshore and Marine and have no hesitation in recommending your commendable work done recently on board Geco Topaz.”

**Ravinder Jaswal, Technical Director, WesternGeco Limited (Schlumberger)**

“They have performed up to our expectation each time and the quality of personnel they have provided so far have been excellent. Their processes are well defined and their approach to each of our requests has been proactive and pragmatic.”

**Dr. Felix Weise, Head of Department Project Management Services,  
Germanischer Lloyd Industrial Services GmbH**

“This was in fact a massive amount of work done in short period of time. As I said earlier, this is the best team of [electrical] workers I have seen in a long time and they deserve a great deal of respect for what they have accomplished. I would recommend them to anyone.”

**Jim Craig, Asset Manager, Transocean rig Compact Driller**

## Operational Excellence: Customer References... (cont.)

---

“The CTS teams fulfilled all our requirements in terms of knowledge, experience and dedication. The quality and mentality of the CTS personnel was satisfactory and all CTS staff appeared highly motivated.”

**Michael Adamis, Technical Manager, OSG**

“We were very happy with the quality of personal supplied who worked with us in a very professional manner. More importantly, the work was carried out in full compliance with our safety Management System procedures.”

**Geert Goosens, Projects Manager, Euronav**

“I can vouch for the fact that the work was done very professionally with all safety norms being followed. It definitely helped in extending the life of the vessel besides freeing up the crew to work on other urgent area of maintenance.”

**Sanjay Gupta, Fleet Manager, Anglo-Eastern**

## Why CTS

---

✓ **A company made of offshore and marine industry veterans**

Work with a team of experienced professionals with extensive first-hand industry experience, working in practical & managerial positions as Engineers, Project Managers, Superintendents, Asset Managers, Master Mariners, HSEQ Leads both offshore & onshore.

✓ **Global Reach : Local Presence**

At CTS Offshore and Marine, being global is not about being able to send people anywhere or travel worldwide, but about being there on the ground when and where you need us most.

✓ **Available 24 hours a day, 365 days a year**

With worldwide offices in Brazil, UK, Bulgaria, UAE, India, Singapore, Indonesia and Malaysia, there is always a CTS office open. Making us your “true 24/7” service partner. We’re there, right when you need us!

✓ **Impeccable HSE Track Record**

✓ **Cost Effective Services**

We work with you collaboratively to manage the integrity of your assets and create demonstrable cost and time efficiencies, rather than just focusing on the task at hand.

✓ **Benchmarked Processes**

***“CTS have performed up to our expectation each time and the quality of personnel they have provided so far have been excellent. Their processes are well defined and their approach to each of our requests has been proactive and pragmatic.”*** Project Management Services, DNV GL
