

PROGRAMME

- 09:30 **Check-in, breakfast, and networking**
- 10:00 **Welcome**
Lars Haahr Jepsen, Project Director, Danish Technological Institute
- 10:10 **The circular polymer landscape: tech overview and market trends**
Per Sigaard Christensen, Business Manager, Danish Technological Institute (DK)
& Alexander Sandahl, Product Manager, Danish Technological Institute (DK)
- 10:40 **Closing the gap: leadership, scale and policy in rigid plastic recycling**
Eric van Roekel, Managing Director, Van Werven Plastic Recycling Group (NL)
& Kenneth Kaasgaard, Head of Circular Economy, Ragn-Sells Denmark (DK)
- 11:10 **Networking**
- 11:50 **Food-grade mechanically recycled packaging: High quality, volume and scale**
Mark Roberts, Director of Materials Innovation, Amcor (UK)
- 12:15 **Lunch break and networking**
- 13:15 **Pyrolysis of mixed plastic waste – new solutions and possibilities**
Daniel Odenthal, Managing Director, ARCUS Greencycling Technologies (DE)
- 13:40 **From idea to final investment decision: Scaling technology at BioBTX**
Niels Schenk, Director Research & Development, BioBTX (NL)
- 14:05 **Networking**
- 14:50 **Strategic partnerships for closing the PPWR recylcate gap**
Nicola Drotos, Corporate Development Manager, Interzero (DE)
& Patrick Neumann, Director, Product Development, Interzero (DE)
- 15:20 **Approaches and learnings on the path towards circular medical devices**
Nicklas Christian Funk, Senior Sustainability Specialist, Ambu (DK)
- 15:45 **Closing session**
Lars Haahr Jepsen, Project Director, Danish Technological Institute
- 16:00 **Networking and farewell**
