Standard Contractual Clauses

For the purposes of Article 28(3) of Regulation 2016/679 (the GDPR)

between

Landbrugsstyrelsen
CVR 20814616
Nyropsgade 30
1780 København V
Denmark

(the data controller)

and

[NAME]
CVR [CVR-NO]
[ADDRESS]
[POSTCODE AND CITY]
[COUNTRY]

(the data processor)

each a 'party'; together 'the parties'

HAVE AGREED on the following Contractual Clauses (the Clauses) in order to meet the requirements of the GDPR and to ensure the protection of the rights of the data subject.

1. Table of Contents

2. Preamble	3
3. The rights and obligations of the data controller.....	3
4. The data processor acts according to instructions	4
5. Confidentiality	4
6. Security of processing	4
7. Use of sub-processors.....	5
8. Transfer of data to third countries or international organisations	6
9. Assistance to the data controller	6
10. Notification of personal data breach	7
11. Erasure and return of data.....	8
12. Audit and inspection	8
13. The parties' agreement on other terms	8
14. Commencement and termination	9
15. Data controller and data processor contacts/contact points	9
Appendix A Information about the processing	11
Appendix B Authorised sub-processors.....	13
Appendix C Instruction pertaining to the use of personal data	14
Appendix D The parties' terms of agreement on other subjects	17

2. Preamble

1. These Contractual Clauses (the Clauses) set out the rights and obligations of the data controller and the data processor, when processing personal data on behalf of the data controller.
2. The Clauses have been designed to ensure the parties' compliance with Article 28(3) of Regulation 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation).
3. In the context of the provision of Husdyrdatabasen (Livestock-database), the data processor will process personal data on behalf of the data controller in accordance with the Clauses.
4. The Clauses shall take priority over any similar provisions contained in other agreements between the parties.
5. Four appendices are attached to the Clauses and form an integral part of the Clauses.
6. Appendix A contains details about the processing of personal data, including the purpose and nature of the processing, type of personal data, categories of data subject and duration of the processing.
7. Appendix B contains the data controller's conditions for the data processor's use of sub-processors and a list of sub-processors authorised by the data controller.
8. Appendix C contains the data controller's instructions with regards to the processing of personal data, the minimum security measures to be implemented by the data processor and how audits of the data processor and any sub-processors are to be performed.
9. Appendix D contains provisions for other activities which are not covered by the Clauses.
10. The Clauses along with appendices shall be retained in writing, including electronically, by both parties.
11. The Clauses shall not exempt the data processor from obligations to which the data processor is subject pursuant to the General Data Protection Regulation (the GDPR) or other legislation.

3. The rights and obligations of the data controller

1. The data controller is responsible for ensuring that the processing of personal data takes place in compliance with the GDPR (see Article 24 GDPR), the applicable EU or Member State¹ data protection provisions and the Clauses.

¹ References to "Member States" made throughout the Clauses shall be understood as references to "EEA Member States".

2. The data controller has the right and obligation to make decisions about the purposes and means of the processing of personal data.
3. The data controller shall be responsible, among other, for ensuring that the processing of personal data, which the data processor is instructed to perform, has a legal basis.

4. The data processor acts according to instructions

1. The data processor shall process personal data only on documented instructions from the data controller, unless required to do so by Union or Member State law to which the processor is subject. Such instructions shall be specified in appendices A and C. Subsequent instructions can also be given by the data controller throughout the duration of the processing of personal data, but such instructions shall always be documented and kept in writing, including electronically, in connection with the Clauses.
2. The data processor shall immediately inform the data controller if instructions given by the data controller, in the opinion of the data processor, contravene the GDPR or the applicable EU or Member State data protection provisions.

5. Confidentiality

1. The data processor shall only grant access to the personal data being processed on behalf of the data controller to persons under the data processor's authority who have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality and only on a need to know basis. The list of persons to whom access has been granted shall be kept under periodic review. On the basis of this review, such access to personal data can be withdrawn, if access is no longer necessary, and personal data shall consequently not be accessible anymore to those persons.
2. The data processor shall at the request of the data controller demonstrate that the concerned persons under the data processor's authority are subject to the abovementioned confidentiality.

6. Security of processing

1. Article 32 GDPR stipulates that, taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, the data controller and data processor shall implement appropriate technical and organisational measures to ensure a level of security appropriate to the risk.

The data controller shall evaluate the risks to the rights and freedoms of natural persons inherent in the processing and implement measures to mitigate those risks. Depending on their relevance, the measures may include the following:

- a. Pseudonymisation and encryption of personal data;
- b. the ability to ensure ongoing confidentiality, integrity, availability and resilience of processing systems and services;
- c. the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident;

- d. a process for regularly testing, assessing and evaluating the effectiveness of technical and organisational measures for ensuring the security of the processing.
2. According to Article 32 GDPR, the data processor shall also – independently from the data controller – evaluate the risks to the rights and freedoms of natural persons inherent in the processing and implement measures to mitigate those risks. To this effect, the data controller shall provide the data processor with all information necessary to identify and evaluate such risks.
3. Furthermore, the data processor shall assist the data controller in ensuring compliance with the data controller's obligations pursuant to Articles 32 GDPR, by *inter alia* providing the data controller with information concerning the technical and organisational measures already implemented by the data processor pursuant to Article 32 GDPR along with all other information necessary for the data controller to comply with the data controller's obligation under Article 32 GDPR.

If subsequently – in the assessment of the data controller – mitigation of the identified risks require further measures to be implemented by the data processor, than those already implemented by the data processor pursuant to Article 32 GDPR, the data controller shall specify these additional measures to be implemented in Appendix C.

7. Use of sub-processors

1. The data processor shall meet the requirements specified in Article 28(2) and (4) GDPR in order to engage another processor (a sub-processor).
2. The data processor shall therefore not engage another processor (sub-processor) for the fulfilment of the Clauses without the prior specific written authorisation of the data controller.
3. The data processor shall engage sub-processors solely with the specific prior authorisation of the data controller. The data processor shall submit the request for specific authorisation at least one month prior to the engagement of the concerned sub-processor. The list of sub-processors already authorised by the data controller can be found in Appendix B.
4. Where the data processor engages a sub-processor for carrying out specific processing activities on behalf of the data controller, the same data protection obligations as set out in the Clauses shall be imposed on that sub-processor by way of a contract or other legal act under EU or Member State law, in particular providing sufficient guarantees to implement appropriate technical and organisational measures in such a manner that the processing will meet the requirements of the Clauses and the GDPR.

The data processor shall therefore be responsible for requiring that the sub-processor at least complies with the obligations to which the data processor is subject pursuant to the Clauses and the GDPR.

5. A copy of such a sub-processor agreement and subsequent amendments shall – at the data controller's request – be submitted to the data controller, thereby giving the data controller the opportunity to ensure that the same data protection obligations as set out in the Clauses are imposed on the sub-processor. Clauses on business related

issues that do not affect the legal data protection content of the sub-processor agreement, shall not require submission to the data controller.

6. The data processor shall agree a third-party beneficiary clause with the sub-processor where – in the event of bankruptcy of the data processor – the data controller shall be a third-party beneficiary to the sub-processor agreement and shall have the right to enforce the agreement against the sub-processor engaged by the data processor, e.g. enabling the data controller to instruct the sub-processor to delete or return the personal data.
7. If the sub-processor does not fulfil his data protection obligations, the data processor shall remain fully liable to the data controller as regards the fulfilment of the obligations of the sub-processor. This does not affect the rights of the data subjects under the GDPR – in particular those foreseen in Articles 79 and 82 GDPR – against the data controller and the data processor, including the sub-processor.

8. Transfer of data to third countries or international organisations

1. Any transfer of personal data to third countries or international organisations by the data processor shall only occur on the basis of documented instructions from the data controller and shall always take place in compliance with Chapter V GDPR.
2. In case transfers to third countries or international organisations, which the data processor has not been instructed to perform by the data controller, is required under EU or Member State law to which the data processor is subject, the data processor shall inform the data controller of that legal requirement prior to processing unless that law prohibits such information on important grounds of public interest.
3. Without documented instructions from the data controller, the data processor therefore cannot within the framework of the Clauses:
 - a. transfer personal data to a data controller or a data processor in a third country or in an international organization
 - b. transfer the processing of personal data to a sub-processor in a third country
 - c. have the personal data processed in by the data processor in a third country
4. The data controller's instructions regarding the transfer of personal data to a third country including, if applicable, the transfer tool under Chapter V GDPR on which they are based, shall be set out in Appendix C.6.
5. The Clauses shall not be confused with standard data protection clauses within the meaning of Article 46(2)(c) and (d) GDPR, and the Clauses cannot be relied upon by the parties as a transfer tool under Chapter V GDPR.

9. Assistance to the data controller

1. Taking into account the nature of the processing, the data processor shall assist the data controller by appropriate technical and organisational measures, insofar as this is possible, in the fulfilment of the data controller's obligations to respond to requests for exercising the data subject's rights laid down in Chapter III GDPR.

This entails that the data processor shall, insofar as this is possible, assist the data controller in the data controller's compliance with:

- a. the right to be informed when collecting personal data from the data subject
 - b. the right to be informed when personal data have not been obtained from the data subject
 - c. the right of access by the data subject
 - d. the right to rectification
 - e. the right to erasure ('the right to be forgotten')
 - f. the right to restriction of processing
 - g. notification obligation regarding rectification or erasure of personal data or restriction of processing
 - h. the right to data portability
 - i. the right to object
 - j. the right not to be subject to a decision based solely on automated processing, including profiling
2. In addition to the data processor's obligation to assist the data controller pursuant to Clause 6.3., the data processor shall furthermore, taking into account the nature of the processing and the information available to the data processor, assist the data controller in ensuring compliance with:
- a. The data controller's obligation to without undue delay and, where feasible, not later than 72 hours after having become aware of it, notify the personal data breach to the competent supervisory authority, Datatilsynet (The Danish Data Protection Agency), unless the personal data breach is unlikely to result in a risk to the rights and freedoms of natural persons;
 - b. the data controller's obligation to without undue delay communicate the personal data breach to the data subject, when the personal data breach is likely to result in a high risk to the rights and freedoms of natural persons;
 - c. the data controller's obligation to carry out an assessment of the impact of the envisaged processing operations on the protection of personal data (a data protection impact assessment);
 - d. the data controller's obligation to consult the competent supervisory authority, Datatilsynet (The Danish Data Protection Agency), prior to processing where a data protection impact assessment indicates that the processing would result in a high risk in the absence of measures taken by the data controller to mitigate the risk.
3. The parties shall define in Appendix C the appropriate technical and organisational measures by which the data processor is required to assist the data controller as well as the scope and the extent of the assistance required. This applies to the obligations foreseen in Clause 9.1. and 9.2.

10. Notification of personal data breach

1. In case of any personal data breach, the data processor shall, without undue delay after having become aware of it, notify the data controller of the personal data breach.

2. The data processor's notification to the data controller shall, if possible, take place within 20 hours after the data processor has become aware of the personal data breach to enable the data controller to comply with the data controller's obligation to notify the personal data breach to the competent supervisory authority, cf. Article 33 GDPR.
3. In accordance with Clause 9(2)(a), the data processor shall assist the data controller in notifying the personal data breach to the competent supervisory authority, meaning that the data processor is required to assist in obtaining the information listed below which, pursuant to Article 33(3)GDPR, shall be stated in the data controller's notification to the competent supervisory authority:
 - a. The nature of the personal data including where possible, the categories and approximate number of data subjects concerned and the categories and approximate number of personal data records concerned;
 - b. the likely consequences of the personal data breach;
 - c. the measures taken or proposed to be taken by the controller to address the personal data breach, including, where appropriate, measures to mitigate its possible adverse effects.
4. The parties shall define in Appendix C all the elements to be provided by the data processor when assisting the data controller in the notification of a personal data breach to the competent supervisory authority.

11. Erasure and return of data

1. On termination of the provision of personal data processing services, the data processor shall be under obligation to return all the personal data to the data controller and delete existing copies unless Union or Member State law requires storage of the personal data.

12. Audit and inspection

1. The data processor shall make available to the data controller all information necessary to demonstrate compliance with the obligations laid down in Article 28 and the Clauses and allow for and contribute to audits, including inspections, conducted by the data controller or another auditor mandated by the data controller.
2. Procedures applicable to the data controller's audits, including inspections, of the data processor and sub-processors are specified in appendices C.7. and C.8.
3. The data processor shall be required to provide the supervisory authorities, which pursuant to applicable legislation have access to the data controller's and data processor's facilities, or representatives acting on behalf of such supervisory authorities, with access to the data processor's physical facilities on presentation of appropriate identification.

13. The parties' agreement on other terms

1. The parties may agree other clauses concerning the provision of the personal data processing service specifying e.g. liability, as long as they do not contradict directly or indirectly the Clauses or prejudice the fundamental rights or freedoms of the data subject and the protection afforded by the GDPR.

14. Commencement and termination

1. The Clauses shall become effective on the date of both parties' signature.
2. Both parties shall be entitled to require the Clauses renegotiated if changes to the law or inexpediency of the Clauses should give rise to such renegotiation.
3. The Clauses shall apply for the duration of the provision of personal data processing services. For the duration of the provision of personal data processing services, the Clauses cannot be terminated unless other Clauses governing the provision of personal data processing services have been agreed between the parties.
4. If the provision of personal data processing services is terminated, and the personal data is deleted or returned to the data controller pursuant to Clause 11.1. and Appendix C.4., the Clauses may be terminated by written notice by either party.

Appendix A Information about the processing

A.1. The purpose of the data processor's processing of personal data on behalf of the data controller is:

A.1.1. Data regarding suppliers of Livestock

The main purpose of the solution is to make it possible of supplier of Livestock to make offers available for Farmers to search for.

A.1.2. Exemption request

As an organic farmer of breeding on livestock it should be possible via the solution to create an exemption application for NOT to use of a specific breed of livestock in case these are not available, but instead use non-organic livestock in their herd.

A1.3 Decision on case processing

For the case workers working in the system, it should be possible to store the outcome / decision of an exemption request in the system.

A.2. The data processor's processing of personal data on behalf of the data controller shall mainly pertain to (the nature of the processing):

Data processor's storage of personal data on behalf of data controller in connection to the data processor's provision of the Application and related services and to provide technical support on the data controller's request in connection to the data controller's use of the Application.

A.3. The processing includes the following types of personal data about data subjects:

A.3.1. Data for suppliers of livestock:

- Company name
- CVR (VAT) number (unique identifier for a business in Denmark's Central Business Register)
- E-mail
- Telephone number
- Address
- CHR number (unique identifier for livestock in Denmark's Central Husbandry Register)

A3.2. Data for Farmers

- Name / Company name
- CVR (VAT) number (unique identifier for a business in Denmark's Central Business Register)
- E-mail
- Telephone number
- Address
- Organic authorization number

A.3.3. Data for Caseworkers

- Name
- E-mail (@lbst.dk)
- Telephone number (Company phone)

A.4. Processing includes the following categories of data subject:

Suppliers of livestock

Organic farmers

Data controller's caseworkers

Page 12 of 17

A.5. The data processor's processing of personal data on behalf of the data controller may be performed when the Clauses commence. Processing has the following duration:

Processing is not time limited and shall endure until the Main Agreement is terminated by one of the Parties.

Appendix B Authorised sub-processors

B.1. Approved sub-processors

On commencement of the Clauses, the data controller authorises the engagement of the following sub-processors:

NAME	CVR	ADDRESS	DESCRIPTION OF PROCESSING

The data controller shall on the commencement of the Clauses authorise the use of the above-mentioned sub-processors for the processing described for that party. The data processor shall not be entitled – without the data controller's explicit written authorisation – to engage a sub-processor for a 'different' processing than the one which has been agreed upon or have another sub-processor perform the described processing.

B.2. Prior notice for the authorisation of sub-processors

[OPTIONAL] [IF APPLICABLE, DESCRIBE THE TIME PERIODS OF PRIOR NOTICE FOR AUTHORISATION OF SUB-PROCESSORS]

Appendix C Instruction pertaining to the use of personal data

C.1. The subject of/instruction for the processing

The data processor's processing of personal data on behalf of the data controller shall be carried out by the data processor performing the following:

- Providing a system where suppliers of Livestock can enter their offers on livestock including personal data as described in appendix A chapter A.3.1
- Providing a system where organic farmers can make apply for exemption for user of organic livestock including personal data for the farmers as described in appendix A chapter A.3.2
- Providing a system where caseworkers can register the outcome/decision of an exemption request including personal data for the caseworker as described in appendix A chapter A.3.3

C.2. Security of processing

The level of security shall take into account:

The data processor is entitled and obliged to make decisions about what technical and organizational security measures must be implemented in order to establish the necessary (and agreed) level of security. The data processor must always take the necessary technical and organizational security measures against personal data being accidentally or illegally destroyed, lost or degraded, and against them coming to the knowledge of unauthorized persons, being misused or otherwise processed in violation of the Personal Data Processing Act.

However, the Data Processor shall - in any case and as a minimum - implement the following measures for the personal data to which this Data Processor Agreement relates:

- The data processor must ensure that equipment on which personal data is stored or can be accessed is locked when leaving it.
- The data processor must ensure that the data processor's employees do not store personal information on employees' private equipment or in services on the Internet that the data controller has not approved
- The data processor must control access to personal information based on work needs. The management must cover all phases of a user's employment relationship, including the creation of the user, periodic checking of the user's rights at least every six months, change of the user's rights when needed and closure of the user's access. Access control must be based on the Least privilege principle, ie. that users are given only the rights necessary for them to perform their work functions.
- The data processor must register rejected access attempts. If, within a specified period, a specified number of consecutive rejected access attempts have been registered from the same workstation or with the same user identification, further attempts must be blocked. Follow-up must take place at the data processor on an ongoing basis.
- The data processor must ensure that physical accesses to the data processor's locations and access to information are approved by the persons authorized by the data processor's organization.
- The data processor must ensure that equipment on which personal data is stored or can be accessed from, is protected by a password and that the equipment is monitored during physical transport.
- The data processor must ensure that the data controller's data is backed up on an ongoing basis, and that systems and data can be restored at any time.

C.3. Assistance to the data controller

The data processor shall insofar as this is possible – within the scope and the extent of the assistance specified below – assist the data controller in accordance with Clause 9.1. and 9.2. by implementing the following technical and organisational measures:

The data processor must on request from the data controller deliver a report that contain the information needed.

C.4. Storage period/erasure procedures

When a user (Requester) request to be deleted from the system, the Data Controller will as part the procedure for periodical refreshment of user data, remove the data for Requester no later than 6 month after the initial request. All the user data will automatically erased by the data processor.

C.5. Processing location

Processing of the personal data under the Clauses cannot be performed outside EU or any country approved by EU as a secured third country.

C.6. Instruction on the transfer of personal data to third countries

The data processor shall not be entitled within the framework of the Clauses to perform transfer of personal data to a third country unless it is an approved secured country by EU.

C.7. Procedures for the data controller's audits, including inspections, of the processing of personal data being performed by the data processor

The data controller shall once a year be able to obtain an inspection report from the data processor concerning the data processor's compliance with the GDPR, the applicable EU or Member State data protection provisions and the Clauses.

The parties have agreed that the following types of inspection report may be used in compliance with the Clauses:

Inspection report

The inspection report shall without undue delay be submitted to the data controller for information. The data controller may contest the scope and/or methodology of the report and may in such cases request a new audit/inspection under a revised scope and/or different methodology.

Based on the results of such an audit/inspection, the data controller may request further measures to be taken to ensure compliance with the GDPR, the applicable EU or Member State data protection provisions and the Clauses.

The data controller or the data controller's representative shall in addition have access to inspect, including physically inspect, the places, where the processing of personal data is carried out by the data processor, including physical facilities as well as systems used for and related

to the processing. Such an inspection shall be performed, when the data controller deems it required.

C.8. [IF APPLICABLE] Procedures for audits, including inspections, of the processing of personal data being performed by sub-processors

The data controller shall once a year be able to obtain an inspection report from the data processor concerning the data Sub-processor's compliance with the GDPR, the applicable EU or Member State data protection provisions and the Clauses.

The parties have agreed that the following types of inspection report may be used in compliance with the Clauses:

Inspection report

The inspection report shall without undue delay be submitted to the data controller for information. The data controller may contest the scope and/or methodology of the report and may in such cases request a new audit/inspection under a revised scope and/or different methodology.

Based on the results of such an audit/inspection, the data controller may request further measures to be taken to ensure compliance with the GDPR, the applicable EU or Member State data protection provisions and the Clauses.

The data controller or the data controller's representative shall in addition have access to inspect, including physically inspect, the places, where the processing of personal data is carried out by the sub-processor, including physical facilities as well as systems used for and related to the processing. Such an inspection shall be performed, when the data controller deems it required.

Documentation for such inspections shall without delay be submitted to the data controller for information. The data controller may contest the scope and/or methodology of the report and may in such cases request a new inspection under a revised scope and/or different methodology.

Appendix D The parties' terms of agreement on other subjects
