Traysealer **GTS1000/1250**

Traysealers

Standalone and turnkey solutions

EGATEC machine series offer a modular and compact solution for end of line.

Our solution within packaging, palletizing and internal transportation can be used for every application - Both standalone and turn-key. All solutions are bound together by a high degree of automation and linecontrol. EGATEC houses all engineering disciplines as well as workshop and testing facilities.

HANDLING

The competitive line within internal transport offer robust and compact solutions, ensuring long life and low maintenance costs. All standard modules are specially adapted to each application providing fast and safe transportation.

PACKAGING

The full range of packaging machines provide professional packaging solutions that are reliable and require minimum of maintenance. The modular system makes it easy to adapt our standard solutions to your individual needs and requirements.

PALLETIZING

The palletizing solutions ensure fast, secure and efficient palletizing no matter how small or large your application is. The solutions offloads employees regarding repetitive work and simultaneously protects from heavy and awkward lifts.

Are you facing a End-of-Line challenge?
