ULTRAFILTER SILICONE FREE ELEMENTS

WWW.ULTRA-FILTER.COM

SILICONE FREE FILTER

FFP / MFP / SMFP

Technical Data

-  Borosilicate, cerex and polyurethane
-  0,01 µm
-  99%
-  80°C
-  Max. 5 bar @ 20°C
-  Aluminium end caps
-  Perbunan Gaskets (silicone free)

Features & Benefits

Low differential pressure entire lifetime

Ultrafilter high-performance depth filter for removal of water and oil aerosols as well as particles from compressed air and gases. Free of parting agents and silicone, these filters are especially developed for laquer and optical applications.

Thanks to the unique combination of binderfree, non-woven nanofibre filter media and pleating technology, a reduction in energy costs of 70 % is achieved, as well as an improved filtration performance.

The new nanofibre material from Ultrafilter is oleophobic, which means oil and water are actively rejected, so the differential pressure drop and therefore operation costs are reduced to a minimum compared with a conventional filter element.

RECOMMENDED FILTER HOUSINGS

Aluminium Housing

ABOUT US

Ultrafilter Scandinavia offers a wide selection of filtration products for compressed air, liquids and gas. We have stock in Denmark and from here we distribute all of our products to Scandinavia and the Baltic countries.

Ultrafilter Scandinavia is a part of the Ultrafilter group. Our production facility is in Germany and we have several subsidiaries in Europe and the United States.

You can buy our products on local websites. Information about our products as well as brochures and manuals can be found on our website (www.ultra-filter.com).

We can adapt all of our filtration products to your needs, and we offer visits from our consultants in order to find the right solution for you. We also offer on going service on our products once they are installed.
