

NAMING FOR CAREER USAGE BY AVERY® BADGEPOINT®

Professional name badges are a key component of any modern corporate identity. A name badge is a classic way of adding a personal touch to day-to-day business, allowing people to be addressed by name and helping to promote open communication with guests, customers or patients.

It is too a popular choice on training courses, at conferences and in meetings, making it easier to network and establish new contacts. Name badges for career usage are simply for all branches and industries.

Use Avery by badgepoint® long-lasting name badges for a professional look. The Badgepoint range is high quality products, all made in Germany, with patented smag magnet and inserts with sharp edges. Durable in time, easy to carry and modern.

These name badges will support your staff to present your shop, clinic or hotel in the best way.

NAMING BADGEPOINT

NAMING FOR CAREER USAGE

■ Badge holders.....	17-19
■ Badge inserts.....	19

Quality name tags worn by employees when representing their company for daily business use, for representing businesses in the tourism and service sectors or for trade fair/exhibition usage. Designed premium badge holders with patented smag® magnet with strong effect and printable badge holder inserts with patented Quick& Clean™ technology, that ensures clean edges and easy customization with name, function, logos etc.

BADGE HOLDERS

Prestige Polar® Name badge kit with side panels in silver grey and anthracite grey

- Premium badges to identify staff, who welcomes in hotels, restaurants, stores, event exhibitors, etc.
- Badges with patented smag® magnet with high magnetic strength
- Slightly convex design makes it comfortable to wear and keeps badge steady. The glass panel is attached along the sides, which gives the appealing impression of being “open” at the top and bottom.
- Highly transparent panel made of scratch-resistant acrylic glass for better readability
- Smart opening system to easily replace the insert
- Clean edges printable inserts included for print in any laser & inkjet desktop printer. Free design templates in Avery Design and Print Online at www.avery.eu
