

Environmental Solutions

BALTEC MARINE
Trident Maritime Systems

Environmental Solutions

Baltec Marine is the trusted turnkey contractor of choice for the world's most notable cruise lines, commercial ship owners and shipyards. Our customers includes, but are not limited to **Carnival Cruise Lines, Crystal Cruises, Holland America Lines, Norwegian Cruise Lines, Prestige Cruises, Princess Cruise Lines, Royal Caribbean Cruise Lines, Viking River Cruises, TT-Line, Fincantieri** and **STX**.

We cooperate with the leading manufacturers of Exhaust Gas Cleaning Systems and offer complete turnkey installation packages for the preferred system of your choice. Together with our owner, Trident Maritime Systems, we have a global reach and can optimize our services based on our customer's needs and regulations. Baltec Marine helps owners design and implement the most appropriate solutions to address environmental regulations - with minimum disruption and downtime. This includes retrofitting an existing fleet, starting with an appropriate system selection, then navigating the installation process for a quick and efficient upgrade. Baltec Marine is ISO 9001 certified, and works in compliance with all marine and offshore regulatory bodies and conventions.

A wide-angle photograph of a vast ocean under a dramatic sky. The sky is filled with large, white, fluffy clouds that are illuminated from below, creating a golden glow. The ocean is a deep blue, with a prominent white wake from a ship visible in the foreground. The horizon line is straight and divides the image into two equal halves.

OVER 100
SCRUBBER TOWERS
INSTALLED

Exhaust Gas Cleaning Systems

To meet approaching industry regulations we offer complete service packages for installation of Exhaust Gas Cleaning Systems.
