

HARWI ORCA

Vertical panel saw

HARWI ORCA

Vertical panel saw

BASIC - PREMIUM - PRO

HARWI ORCA

The **Harwi Orca** panel saw is an excellent choice when you are dealing with an intensive sawing process that requires high accuracy. The ORCA is standardly equipped with a **powerful 4kW** electric motor that indirectly drives the sawing blade speed at 5000 rpm. The **strong welded frame** construction and stable sawing beam ensures a perfect cut. Due to its maintenance friendly character and long lifespan, **interior builders & carpentry factories** have been charmed by our ORCA machines for many years. The Harwi Orca is available in a **Basic, Premium & Pro** version.

Our mission

Through combining experience and craftsmanship with service and development, we strive for an optimal working environment in which safety, ergonomics and health come first.

The robust nature and the long service life of our machines characterize our passion for technology. Our core business is the delivery of standard sawing solutions in the wood industry. However we also use our expertise and knowledge to aid our customers in process specific sawing solutions.

Our company

Harwi has been producing its sustainable sawing machines in Helmond in Brabant since 1960. Our specialization and expertise in the wood industry in particular has been ensuring satisfied customers for years.

Providing innovative sawing solutions within the Netherlands and abroad is the foundation of our organization. Within this foundation we prioritize user friendliness and quality.
