

COWLISHAW WALKER S4-600-2800-300; 600 Ton Double Colum Mechanical Press, Serial No. 7071, Year approx. 1973 with Coil Feed Unit APT with Press control.

Max. Pressure	600 Ton
Bolster dimensions	2800 x 1700 mm
Slidedimensions	2800 x 1700 mm
Slideadjustment	200 mm
Stroke	300mm
Stroke Speed	15-30 SPM
Min/Max Shutheight stroke down	670/870 mm
Two Cushions in Slide, total	20 Ton
Cushion Stroke	25 mm
Cushion Platen	2200 x 250 mm
Three Cushions in Bed	150 Ton
Cushion Pressure total	100 Ton

These specifications have been prepared to the best of our knowledge, however we are not liable for any errors and or omissions. Please inspect and check the specifications carefully.

Cushion Stroke	200 mm
Cushion Platen	2200 x 250 mm
Motor	46/92 kW
Overall dimensions: H (above floor)=	6500mm x W= 4520mm x D = 3300mm
Weight	117 Ton

Coil Feed Unit, Mfg. APT, year 1994

Decoiler APT model UC 40-1300-5; Serial No. 1930; Year of Mfg. 1994

Max Strip width 1300 mm; max thickness 5 mm

Coilfeed Unit APT model LMRE-1000-3,0; Serial No. 1930; Year of Mfg. 1994

max Strip width 1000 mm; max thickness 3 mm

This press has a crack in the Crank!!
