THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

The Swedish Life Science Industry Guide 2021

Life science in Sweden is an industry experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. The large companies are looking for partnerships with small and vice versa. Academia and industry networks increasingly close ties and health care is now a given partner.

By presenting your business in The Swedish Life Science Industry Guide you can reach the entire industry and potential partners in a whole year. The 2021 edition is the seventeenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

The Swedish Life Science Industry Guide is distributed by Life Science Sweden – both online searchable with Google and in printed form in issue no.1 2021 of Life Science Sweden. This issue is distributed at all of Life Science Sweden's events 2021. It is also published on lifesciencesweden.se
