Leading in news and events

Our magazine **Life Science Sweden** is the leading and most well known life science magazine in the Nordics. We are an independent magazine that cover research, science, chemistry and the development of medical treatments, from idea all the way through preclinical and clinical stages to society and the patient. The printed edition of **Life Science Sweden** is published four time each year and **lifesciencesweden.se** is updated several times every day with the most current and relevant news. We recently reached 50.000 unique page views during one single week and our newsletters are sent to 15.000 recipients three times a week. Every year we organize 6 international partnering-events.

We cover:

- Politics, authorities and regulation.
- Innovation, R&D, production and marketing.
- Business and everything that makes life science and chemistry to a profit for each patient and society.

This is the people we reach: Procurers, politicians at the county level, drug committees, business management in health care, university and university researchers/biomedical scientists, lab managers, biomedical analysts, chemists/chemical engineers, VC's/investment managers, decision makers in the biotech, pharmaceutical, chemical and nanotech industry. We reach the companies that need recruitment, advertising, sales companies, contract manufacturers, patents and regulatory, market access and legal advice.

Our Events:

All of our events are annual international partnering meetings with pre-bookable face to face meetings. The events are covered by the media.

THE SWEDISH LIFE SCIENCE INDUSTRY GUIDE

The Swedish Life Science Industry Guide 2021

Life science in Sweden is an industry experiencing rapid growth. Collaboration is a prerequisite for the successful development of this sector. This requires presence and knowledge of other players. The large companies are looking for partnerships with small and vice versa. Academia and industry networks increasingly close ties and health care is now a given partner.

By presenting your business in the Swedish Life Science Industry Guide you can reach the entire industry and potential partners in a whole year. 2021 edition of the Swedish Life Science Industry Guide is the seventeenth of the order and we know from experience that the wizard used as a Bible when seeking new contacts, services, goods and collaborations.

The Swedish Life Science Industry Guide is distributed by Life Science Sweden with Kemivärlden – both online searchable with Google and in printed form in issue no.1 2021 of Life Science Sweden with Kemivärlden. The Guide is distributed at Life Science Sweden with Kemivärlden's event. It is also published on lifesciencesweden.se.

Instructions for participation in the Swedish Life Science Industry Guide 2021

The company presentation includes...

1/3 page in our international issue no.1 in English

+ a presentation under Industry Guide on lifesciencesweden.se. These include:

- Your company logo.
- E-mail address and other contact information.
- Picture of CEO with related quotes or company vision.
- A business description where you present your services, products or activities.
- Any picture can be on a product or something else, this is then linked to your website.
- All text information in web guide is searchable, making it easy to find your marks, specific services or products.
- The company name is bolded in the listing A-Ö so that visitors understand that there is more data to read about the company.

All this for only SEK 15.500
