

What's next

THE NEXT GENERATION CUTTING SOLUTION FOR FISH PROCESSING

THE NEW VALUE FRONTIER

UNI-X

The UNI-X™ is the next generation in cutting tools for fish.

If you liked the original UNI-7™ from Kyocera Unimerco, you will be delighted with our latest development in knives for fish processing.

UNI-X™ simply takes fish processing to a new level.

Same function, but just so much better.

The new long-lasting cutting solution from Kyocera Unimerco

UNI-X™ – cuts your production costs

Based on our many years of technical experience and knowhow, we have developed the next generation of fish processing knives.

The new knives offer a number of benefits, enabling you to reduce your production costs.

Our products comply with EU Regulation EC 1935/2004 (materials and articles intended to come into contact with food) and EC 2023/2006 (good manufacturing practice for materials and articles intended to come into contact with food). Our management system is certified according to ISO 9001:2008 (quality) and ISO 14001:2004 (environment)

The new UNI-X™ – better performance, any way you cut it:

- Sharper cutting edge - lasting longer
- Easy sharpening
- No corrosion
- No cracks
- Less fish waste
- More than 50% reduction in knife changes
- Significantly improved tool life

... saving you time and money

– for almost any fish processing machine

Ø400 x 24 x 5 mm

More than 50% reduction in knife changes

KYOCERA UNIMERCO Tooling A/S

KYOCERA UNIMERCO manufactures, distributes and services tools for machining, as well as measuring equipment for the manufacturing industry. The tooling concept comprises standard and customised tools, RE-NEW® tool maintenance, coating and optimisation guidance. The Danish company was established in 1964 and has product development, production, sales and service in the corporate headquarters, located in Sunds.

The company is part of the KYOCERA UNIMERCO group, founded in Denmark in 1964 and originally named UNIMERCO. In 2011, all activities were acquired by Japan-based KYOCERA. This has created an even stronger company with a larger range of products, a wide network of companies and distributors all over the world, and an ambitious growth plan.
