DENIM

CREATIVITY

CIRCULARITY

**In Your Hands You
Hold a Fully Recyclable
Piece of Denim**

Created with a passion for circularity, we hope you wear this garment for years because we believe denim only gets better with age. But, when you're done loving it, please pass it on!

Give it to a friend or drop it off at any Weekday store and we'll take care of it for you, by either recycling it or selling it as second-hand.

20% post-consumer waste

80% organic cotton

100% recyclable (remove screw buttons before recycling)

Attention for colour transfer due to unwashed denim.
