

traiload

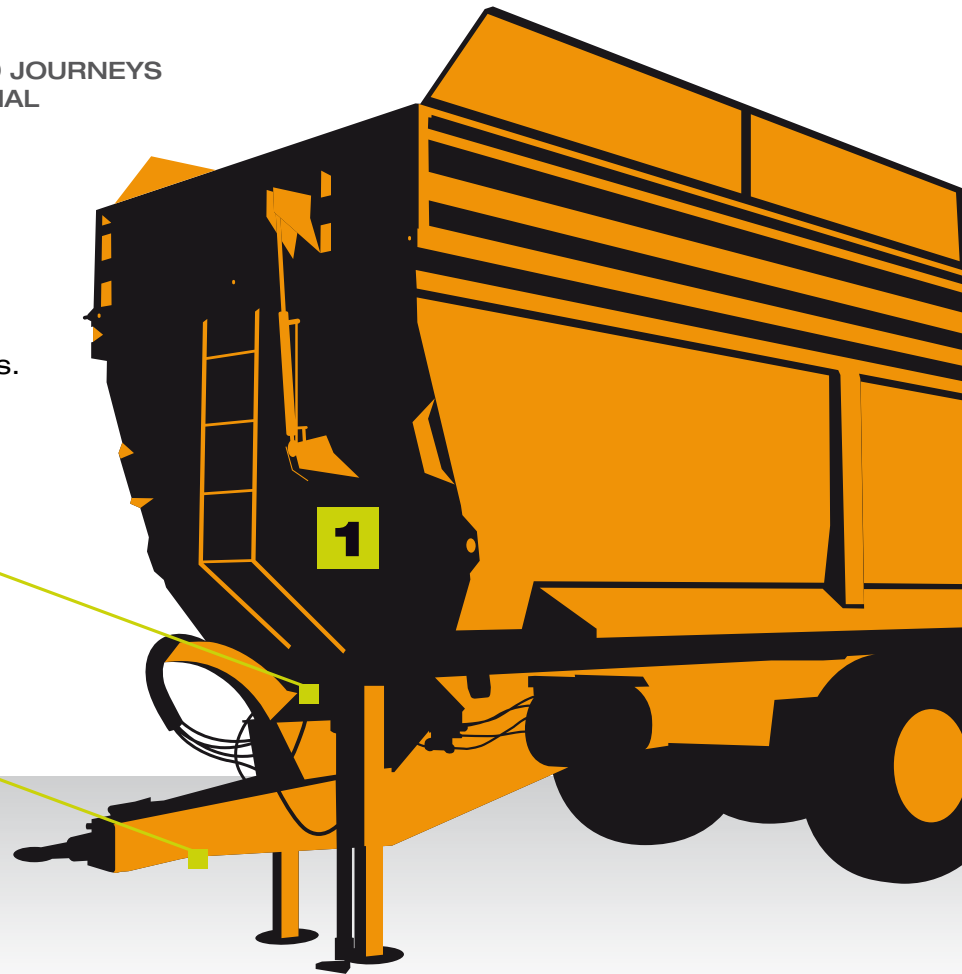

**ON BOARD WEIGHING
FOR AGRICULTURAL TRAILERS**

PAYLOAD AND PRODUCTION MONITORING

TRAILOAD MEANS SAFER LOADS AND JOURNEYS
PLUS ACCURATE CHECKS FOR OPTIMAL
MANAGEMENT OF YOUR BUSINESS

Why fit a VEI weighing system on your trailer?

Traiload puts a stop to overloads
and overload prosecutions.
You can also keep track of daily
load totals and perform unloading
procedures with pre-alarm thresholds.
Traiload is easy to use:
the unit is equipped with a 70 mm
backlit alphanumeric LCD display
for optimal visibility
even from a distance
and in direct sunlight
or low light conditions.

Instrument with high
visibility display

Load sensors to read
suspension pressure or,
depending on the application,
axle-mounted sensors

Optional load-end
audible alarm

Optional weight
repeater

WIRELESS REMOTE CONTROL

Optional 4-button remote control to manage the main functions of the weighing system directly from the tractor cab or from the ground.

APPLICATIONS

VEI products can be installed on a variety of machines, working in different applications. In each one VEI products deliver superior accuracy to improve efficiency of the load-out, production processes, sales analysis, inventory updates and productivity. VEI scales can be easily transferred between machines of the same kind, are durable and **DESIGNED TO LAST**.
