FASTENERS AND ACCESSORIES

Fastener and swiftags not only facilitate the universal attachment of product and brand labels, but they are also useful for special requirements, such as securing soft products or semi-finished industrial goods. This programme increases productivity, optimises production processes and saves time and resources. Needles are available for various material thick-nesses and are suitable for use with delicate fabrics.

A quick and easy way to communicate your product details and your brand, if a label is not suitable.
