

# Nordic Cluster Meet Up 2019

Save the date

**When:** 27 November, 9:30-15:30

**Where:** Studio MeetingPoint, Malmö, Sweden

**SIGN UP FOR FREE AT** <https://nordic-cluster-meetup-2019.b2match.io>

The Nordic countries are one of the world's most innovative regions with booming businesses and home to thriving clusters. Nordic Innovation invites Nordic clusters to explore how to boost innovation even further through joint collaboration and impact creation – across sectors, challenges and value chains.

Nordic Cluster Meet Up 2019 is a day filled with what clusters do best: Finding innovative solutions, matchmake efficiently with other clusters to discuss specific collaboration opportunities and concrete funding options.

## **At Nordic Cluster Meet Up 2019 you can:**

- Foster new cross-cutting and innovative project ideas and collaborations
- Power-matchmake with Nordic clusters, exploring the deeper potential for collaboration
- Get insights on Superclusters in the Nordics by leading cluster expert Christian Rangen, author of "Building Innovation Super Clusters"
- Dive into Nordic Innovation's funding opportunities, tools and strategic priorities

## **Who**

The Nordic Cluster Meet Up 2019 is for clusters and innovation ecosystems from Nordic countries (Sweden, Denmark, Norway, Finland and Iceland).

### **The History**

The first Cluster Meet Up in Copenhagen in 2018 gathered more than 50 Nordic clusters resulting in numerous partnerships and projects benefitting Nordic businesses.

### **Organisers**

The Nordic Cluster Meet Up is organised by Nordic Innovation in collaboration with Cluster Excellence Denmark and Region Skåne, and in close coordination with Enterprise Europe Network and the key Nordic agencies: Vinnova, Innovation Norway, Innovation Centre Iceland, Business Finland and the Danish Agency for Institutions and Educational Grants.

### **What is Nordic Innovation?**

Nordic Innovation is an organization under the Nordic Council of Ministers - the official body for cooperation between the Nordic countries. Nordic Innovation's mission is to contribute to making the Nordic region a leading region for sustainable growth, and increase entrepreneurship, innovation and competitiveness of Nordic businesses. Nordic Innovation's thematic areas of work are sustainable and smart mobility, health, demography and quality of life, and sustainable business transformation.
