# Design your own castors!

## Discover something totally new:

The design of the popular TENTE LINEA castor series can now be tailored even more to suit your individual requirements. And no limits are set to your imagination. Your benefits:

### Unique design

Adapt the castors to your product or its environment! Select their shape and customize their appearance using your own patterns or icons. The design is guaranteed to draw attention.

### Simple organization and orientation

Whether in a hospital, supermarket, or hotel: Customized markings help to ensure that everything remains in the right place.

### High brand recognition

Select the color and shape of the castors to match your brand. Print your logo on them and your brand will always be on display.

### Rapid implementation from the idea to production

Take advantage of our service – contact us and we will advise you in detail and promptly manufacture a sample of your customized castors.

TENTE offers the customized design of the LINEA standard shape castors with a diameter of 65, 75 or 100 mm, and flat shape with diameter of 75 or 100 mm.
