

**Visit our
TYROLIT Tool School!**

At the TYROLIT Tool School, we regularly present our wide range of products. Moderated by our experienced application engineers, you will learn everything you need to know about abrasives. We broadcast live from our TV studio at TYROLIT headquarters in Schwaz, Austria.

Our next event:

5.5. – 2 pm CET: Surface Conditioning Material and rough cleaning discs

With the acquisition of the Italian company Bibielle TYROLIT has extended its product assortment of non-woven products. Learn in this Tool School more about the product range and why wheels and belts made from surface conditioning material as well as rough cleaning discs are ideal for many applications like deburring, cleaning of welding seams as well as general finishing.
