

Vibra System DK

Compact platform ready to use.

Vibra-system DK is a compact, ready-to-use, pre-assembled platform consisting of vibratory deburrer and corn cob dryer.

We've taken our standard components and assembled it on a moveable platform.

The idea is that you only need to think about the supply wiring to the system platform.

The rest is 'plug and play' If you need to change the production flow, it's quick and easy to move the platform with a forklift.

The equipment controls are centralised at one end of the platform. The platform is also equipped with the latest in control and energy optimisation. The system is offered in 4 standard sizes.

Vibra System DK

Vibra platform technical data:

Vibra-System:	100/200	150/200	200/200	300/200
Vibra-Line DK type:	100	150	200	300
Vibra-Dry DK type:	200	200	200	200
Touch panel:	yes	yes	yes	yes
Inverter:	yes	yes	yes	yes
Heat regulation:	PI	PI	PI	PI
Total power in kW:	9.5	10.5	11.5	12.0
Weight in kg:	900	1050	1200	1500
Pressure in bar:	6	6	6	6
Air connection in L/min:	150	150	150	250
Water connection in litres:	½'	½'	½'	½'
Connection CEE	16 Amp	16Amp	32 Amp	32 Amp

External platform dimensions.

Length in mm:	3300	3500	3800	4000
Width in mm:	1500	1650	1900	2200
Height in mm:	2000	2150	2350	2600
