

Marden Edwards Machinery Update

Hello ME trade partners. Following on from the recent 'Sales Team Update' Issue 0003 post, I would like to inform and remind you of the latest ME machines available.

Approved Used Machines While Stocks Last!

We have limited availability of 'Approved Used' LX Series machines, all available at a competitive price! Enquire now with your Area Sales Manager while stocks last!

Don't Forget Our New Overwrapping Machine Additions To The Range

Not only have we enhanced our sales team, we have also expanded our overwrapping capabilities too. As some of you have seen at various exhibitions, we now have the **ME 120B Series, capable of overwrapping cartons up to 120 per minute** and the **ME 300T Series, our highest speed overwrapper, capable of overwrapping cartons up to 300 per minute!** This information is available exclusively to you and will be available to view on our website shortly. Click links below to view and download ME 120B & ME 300T Series videos and brochures.
