

## SILO WITH OUTFEEDER FOR WOOD AND PELLETS

Turn-key solutions for  
the Sawmill and Wood Industry

# WE DO

## - Silo with Outfeeder upto 500m<sup>3</sup>

OBEL-P Group/Aagaard have designed, manufactured, installed & serviced Silo Systems for storage of chips, dust and pellets for more than 50 years.

We delivery turn-key solutions for either briquetting & boiler systems or for pick-up, where we also manufacture truck loading systems. We have solutions and an approved silo program to fulfill your demands within handling wood.

Modular silos in sizes from Ø3,8m up to 119m<sup>3</sup>, Ø5,5m up to 300m<sup>3</sup> and Ø6,5m up to 500m<sup>3</sup> with pitched or flat roof and with or without Aagaard conical out feeder.

The OBEL-P Group of Companies has for more than 50 years been a strong and reliable partner for the Sawmill, Wood and Furniture Industry.

We design, manufacture, install and service turn-key solutions globally and we believe in maintaining a strong and reliable partnership with everybody we work together with.

Doing business with us is not just about buying a product! Customers buy our experience to identify the best solutions to fit their unique needs. We strive to add value to your business.
