

RECYCLINGDAGEN

22 October, 2026

Helsingborg Arena

The Future of Waste Management and Recycling

Challenges and opportunities for sustainable waste management in the future!

On **22 October**, it's time for Recyclingdagen Helsingborg. At the event, we will highlight the challenges and opportunities facing the future of sustainable waste management and recycling.

Highlights from the programme

Ukraine

We take a closer look at the initiatives launched by the industry to support Ukraine while also contributing to the country's reconstruction and waste management.

Turning Waste into Products

We explore the challenges and opportunities involved in transforming waste into products that can successfully compete in a market.

The Role of Waste Collection Vehicles in Sustainable Waste Management and Transport

Waste collection vehicles, transport vehicles, containers and bins – the list of equipment needed for sustainable waste management and transportation is extensive. We take a look at the role of the waste collection vehicle today and in the future.

Plastics

Plastic recycling in Europe is facing tough economic conditions. At the same time, events around the world this spring have rapidly driven up the prices of virgin plastics, affecting both prices and demand for recycled plastics. Through several presentations, we will take the temperature of the current market situation.

Kerbside Collection

The "new" packaging collection system is now entering its final phase. By the end of the year, kerbside collection must be implemented in all municipalities across Sweden. With only two months to go, we aim to provide a status update from a number of different industry stakeholders.

Organizer

Headpartner

Lunchpartner

Partners

Become a Partner of Recyclingdagen

AS A PARTNER, YOU GET:

- Your logo featured as a Partner in all event marketing, including advertisements, digital communications and on the website recyclingdagen.se
- Exhibition space adjacent to the conference
- Two conference passes including lunch

PRICE: SEK 25 000

CONTACT ME TO BE PARTNER/EXHIBITOR TODAY!
