TYROLIT

FASTCUT grinding wheels

for steel and stainless steel

+ Universal use

+ Long lifetime

+ High stock removal in a short time

+ For surfaces and edges

Faster than you think.

With its turbo design our FASTCUT grinding wheel clears chips quicker, letting you grind faster.

This rough grinding wheel is suitable for steel and stainless steel applications. Thanks to its soft design, the cutting ability of the BASIC FASTCUT 2in1 is optimised for high stock removal rates

in the shortest possible time. This tool can be used universally and is equally suitable for surface and edge grinding applications.
