

Sharing passion

The HOMAG Experience at LIGNA 2023

SAVE THE DATE

May 15-19, 2023
Hannover, Germany

In May 2023, the spotlight moment will return: Under the motto **“Sharing passion”**, we will present our latest innovations at LIGNA. But what does passion have to do with new solutions from HOMAG? Everything.

We share your passion for quality. We share your passion for precision. We share your passion for innovation. We take this passion and put it into everything we do. It's what fuels us as we invent, innovate, improve, and provide to you the machine, digital, and support solutions that empower you to live your passion.

We look forward to sharing passion with you at LIGNA 2023.

Sharing passion – Innovations in three halls

At LIGNA, you can look forward to experiencing the right HOMAG solutions for your requirements. Our innovations cover all applications and all production levels, from individual machines and digital solutions, to integrated cell concepts, to complete systems. You'll discover our full range across three different halls.

The HOMAG Experience at LIGNA 2023:

- HOMAG solutions for furniture production in **Hall 14**
- WEINMANN solutions for timber construction in **Hall 13**
- System TM and Kallesoe solutions for solid wood elements in **Hall 27**
