THE NEXT BIG THING

- DANISH IP FAIR 2019

In May 2019, the Danish IP Fair will present The Next Big Thing at the Confederation of Danish Industry in Central Copenhagen.

The Danish IP Fair is an excellent place for investors and companies to scout the next big thing and network with up-and-coming technologies.

Danish IP Fair will showcase 80 inventions as spin-out investment or licensing opportunities in an open fair environment and feature keynote speeches, fireside interviews and panel discussions with key decision makers in industry and academia. The presented cases will range from frontier technology to IP based start-ups.

Furthermore, Danish IP Fair will facilitate up to 450 pre-scheduled partnering meetings where investors and industry professionals can discuss business opportunities and connect with entrepreneurs and researchers.

The Danish IP Fair will cover the areas of:

- Medtech & Diagnostics
- Biotech & Pharma
- Advanced Technologies and Materials
- Robotics Hardware

Opening address

Tommy Ahlers,
