COMMANDER C

GENERAL PURPOSE
LOW VOLTAGE AC DRIVES

Simple, reliable motor control

Commander Drives have established the standard of excellence in motor control since 1983.

The new Commander C series is built on six generations of knowledge to meet advanced requirements in a wide range of applications and provide optimum user experience.

Shield

5 years warranty
Terms and conditions apply

0.25 kW to 132 kW
(0.33 HP to 200 HP)

DRIVE SPECIALISTS SINCE 1973

Nidec
All for dreams

Whatever your application, Commander C is the perfect solution across industry

- Pumping, ventilation & Compressing
- Conveying
- Lifting, Hoisting & Winching
- Access Control
- Processing (Mixers, Crushers, Agitators, Centrifuges, Extruders)

Intuitive commissioning software

For fast task based commissioning and easy maintenance **Connect** offers a familiar Windows™ interface and intuitive graphical tools to enhance data analysis. The dynamic drive logic diagrams allow the visualisation and control of the drive in real time. The parameter browser enables viewing, editing and saving of parameters as well as importing parameter files from our legacy drives.

Advanced machine control

For more advanced applications **Machine Control Studio** provides a flexible and intuitive environment for programming. This is possible thanks to the on board PLC that increases the drives functionality at no extra cost.

Approved Control Techniques Distributor:

Online support

The **Diagnostic Tool App** is a fast and simple tool, which allows users to quickly solve any error codes that the drive may show. Built within the app are easy to locate wiring diagrams for first time setup and fault finding with links to the relevant comprehensive manuals.

The app also has full contact details of the technical support teams around the world to aid you with technical assistance.

Available for Apple, Android and Windows™, download the app for free at
