

Combine harvester

Formwork

Car

Elevator

AUGMENTED REALITY

Tractor

approved safety

Combine harvester

excellent wear resistance

Baling press
smooth,
vibration-free rotation

Truck

weight optimized design

Semitrailer

load-optimized construction

Semitrailer

very tight tolerances

Telehandler

excellent rigidity

Dump truck

excellent wear resistance

Car

efficient use of
available space

Passenger rail car

very tight straightness

tolerances

Freight rail car
precise dimensional accuracy

Fence

high stability

CSP system

extreme weather resistance

Formwork

sharp-edged design

Sun protection

precise rotation

Drawer fittings

flawless surface appearance

Elevator

consistently tight tolerances

Scaffolding

extreme functionality

Electrical control cabinet

very tight punching tolerances

Augmented Reality

How it works:

1. Download the Welser Profile AR App for Android or iPhone from the App Store.
2. Install the App and you're ready to go.
3. Scan the pages in the brochure with your smartphone.

And you will discover detailed information about the respective applications for our profiles.
