

**DESIGNED**  
TO CONQUER YOUR JOBSITE.

**VERSOTRAC**  
**CADET**

## SUBMERGED ARC WELDING **AUTOMATION BUILT JUST FOR YOU.**

Versotrac Cadet is the welding tractor matched exactly to your needs. And you bet simplicity, capability, and value all come standard. When you're armed with a machine that's this compact and efficient, you can jump into any job calling for submerged arc welding.

A black and yellow Versotrac Cadet wire feed welding torch is shown in a workshop setting. The torch is mounted on a stand with wheels and has a large, clear protective lens. It is positioned next to a blue metal frame, which has a yellow label with the 'ESAB' logo. The background shows various industrial equipment and a concrete floor.

## DESIGNED TO PERFORM.

Versotrac Cadet has the capability you need to get the job done.

- Robust wire feed mechanism for welding mild steel wire up to 4 mm
- Output up to 1000 A at 100%
- Optimal access to weld fillets with large variation of torch angles
- Flat fillet kit for the ability to weld in the best position
- Vertical (up to  $\pm 45$  mm) and horizontal (up to  $\pm 45$  mm) slides for positioning and setting

## DESIGNED TO BE **EASY TO USE.**

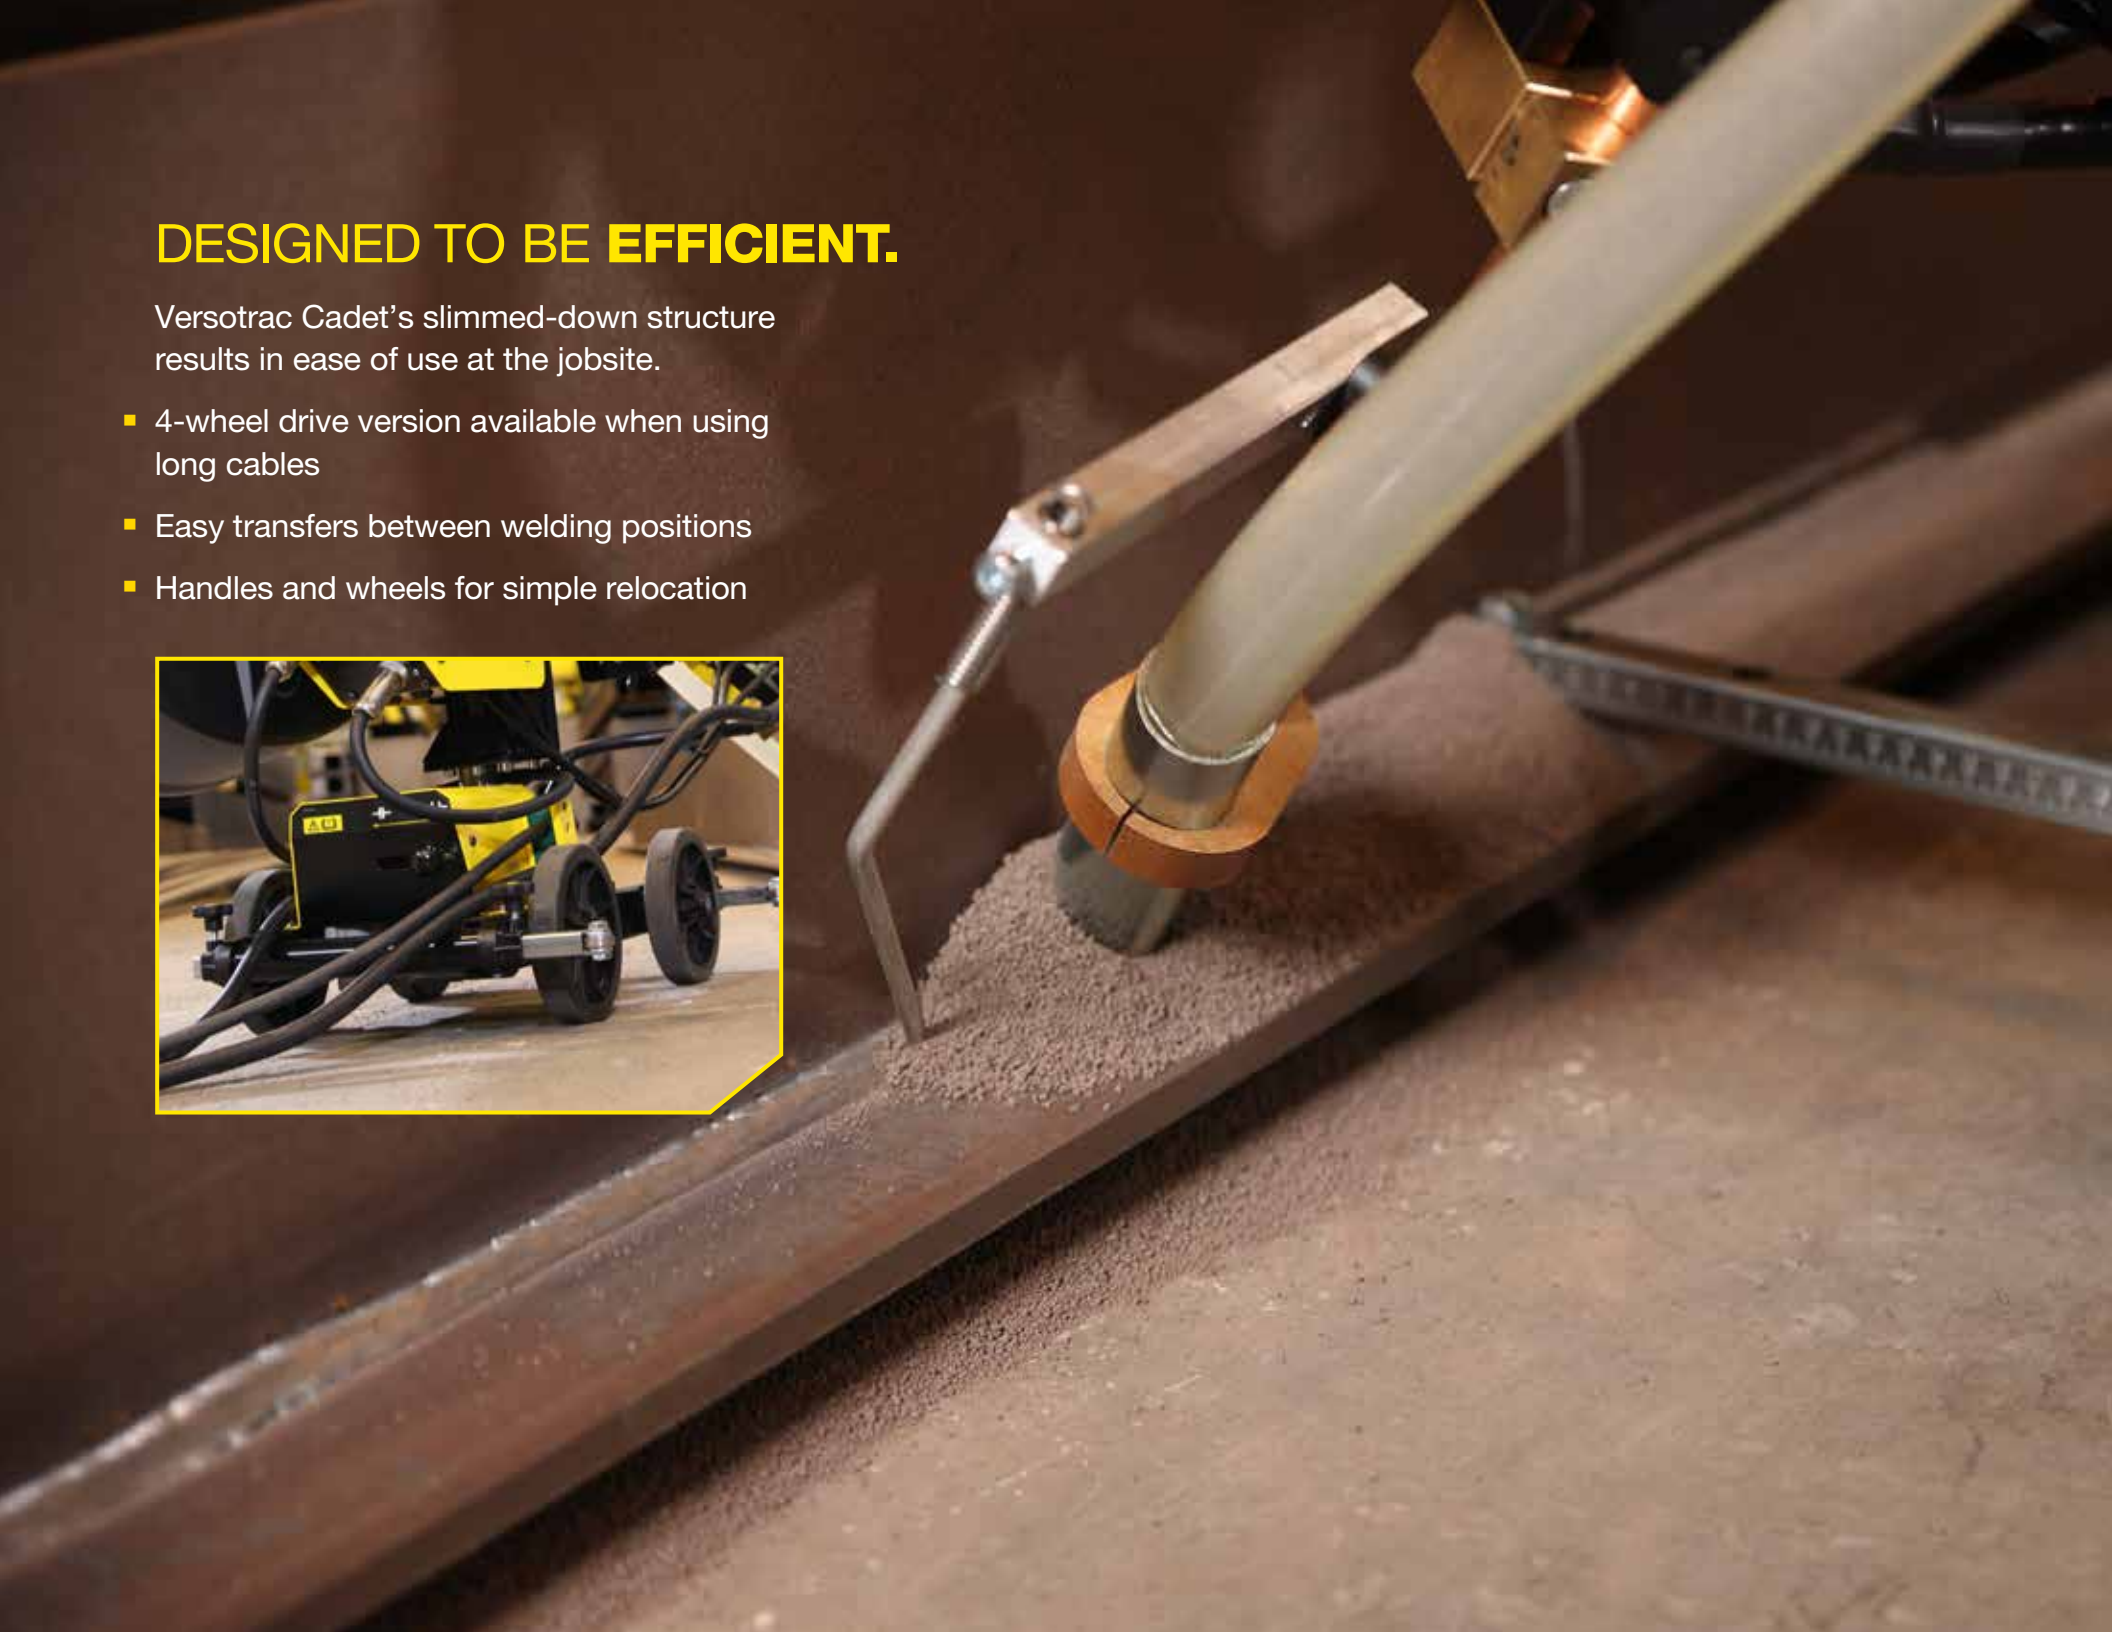

With easy-to-use controls, Versotrak Cadet lets you get right to work commanding every weld.

- Intuitive user interface with real-time heat input
- Wire straightener with memory function
- Quick-start guide

## DESIGNED TO BE **EFFICIENT.**

Versotrac Cadet's slimmed-down structure results in ease of use at the jobsite.

- 4-wheel drive version available when using long cables
- Easy transfers between welding positions
- Handles and wheels for simple relocation

## DESIGNED TO **ACCOMPLISH.**

You can count on Versotrac Cadet to step up to the challenge – no matter the industry or application.

- Bridge construction
- General fabrication of thicker material
- Marine and offshore
- Metal beam fabrication
- Ship and offshore yards
- Ship/barge buildings
- Structural steel fabrication
- Tank and vessel fabrication
- Wind towers

## SUBMERGED ARC WELDING **DESIGNED FOR YOU.**

Versotrac Cadet, like all ESAB equipment, is backed by our commitment to superior customer service and support. Our skilled customer service department is prepared to quickly answer any questions, address problems, and help with maintenance and upgrading of machines.
