

CHALLENGER II Dry Blast Cabinet

comes with an array of standard features.

- Constructed from high quality 2mm mild steel with a sturdy 4mm thick door front mounted as standard with safety inhibitor switch.
- Fully powder coated in grey or white
- 8ltr pressure pot system.
- Pressure regulator with gauge for fine adjustment to blasting pressure.
- 12 filter bag extractor unit with manual shaker for easy cleaning and low maintenance.
- Extractor is free standing as standard.
- Durable Boron carbide nozzle.
- Air blow off gun for a quick and easy clean.
- Anti-shadow LED lighting to give maximum illumination.
- The Challenger II requires a 16amp single phase power supply.
