

UU 20U-10 NA FSTR HACCP blue FDA

Sketch of cross-section (not actual size)

Applications

- Checkweighers
- Slicers
- Buffer conveyors
- Inspecting systems
- Carrier belts for paper and packaging
- Convergents
- Labeling machines

Advantages

- Resistant to hydrolysis
- HACCP design
- Homogeneous belt type
- Chemical resistance against animal fats and cleaning agents
- Especially elastic
- Color like RAL 5002 (Ultramarine blue)
- FDA and EU compliant
- UV-C resistant

Basic technical data

Function layer	Polyurethane
Friction layer	Polyurethane
Article number	855645
d _{min} [mm]	15
Total thickness [mm]	1.0
Weight [kg/m ²]	1.15
Surface pattern	fine texture
